PREFACE

The material covered within this staff handbook is intended as a method of communicating to employees regarding general district information, rules and regulations and is not intended to either enlarge or diminish any Board policy, administrative regulation or collective bargaining agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation, collective bargaining agreement or changes in state or federal law.

Any information contained in this staff handbook is subject to unilateral revision or elimination without notice.

No information in this document shall be viewed as an offer, expressed or implied or as a guarantee of any employment of any duration.

Jason Hay, Superintendent

NON-DISCRIMINATION

Equal employment opportunity and treatment shall be practiced by the district regardless of an individual’s perceived or actual race, color, national or ethnic origin, religion, sex, sexual orientation\(^1\), age, marital status, pregnancy, familial status, economic status, veterans’ status, genetic information or mental or physical disability, if the employee, with or without reasonable accommodation, is able to perform the essential functions of the position.

The following have been designated to coordinate compliance with these legal requirements, including Title VI, Title VII, Title IX and other civil rights or discrimination issues, the Americans with Disabilities Act, Health Insurance Portability and Accountability Act (HIPAA), and Section 504 of the Rehabilitation Act of 1973, and may be contacted at the District Office for additional information and/or compliance issues:

Jason Hay, Compliance Officer

The procedure for filing a complaint can be found on www.daytonk12.org.

---

\(^1\) “Sexual orientation” is defined as an individual’s actual or perceived heterosexuality, homosexuality, bisexuality or gender identity, regardless of whether the individual’s gender identity, appearance, expression or behavior differs from the traditionally associated with the individual’s sex at birth.
**PARENTAL DEFINITION**

As used in this policy, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 125.005 (4) and 125.300 - 125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of the factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 109.056. For special education students, parent also includes a surrogate parent, an adult student to whom rights have transferred and foster parent as defined in OAR 581-015-2000.

**GENERAL INFORMATION**

**ASSOCIATIONS**

The Dayton Education Association (DEA) represents the bargaining unit for all licensed staff. Efrain Arredondo and Dave Fluke are the Association Co-Presidents.

The Oregon School Employees Association (OSEA) represents the bargaining unit for all classified staff. Lisa Willard is the Association President. As approved by delegates at the annual OSEA conference, the dues rate will be 1.875% of the employee’s gross annual salary. The state OSEA and local ($0.50/month) dues will be divided by the number of paychecks.

**BOARD MEMBERS**

The Legislature of the state of Oregon delegates to the Board responsibility for the conduct and governance of district schools. Board members, as elected by residents of this district, are as follows:

- Reba Stoller, Board Chair
- Teresa Shelburne, Vice Chair
- Pamela Horst
- Debbie Kearns
- Isaac Kearns
- Francisco Montelongo
- Raylinda Price

**BOARD MEETINGS/COMMUNICATIONS**

Regular Board meetings are held on the second Tuesday of the month in the District Board Room unless posted otherwise. Meetings begin at 7:00 PM for regular Board meetings and at 7:30 PM if following a Work Session. All regular, special and emergency meetings of the Board are open to the public unless as otherwise provided by law. Board meeting agendas are posted on the district’s website at www.daytonk12.org.
All staff members are invited to attend Board meetings. All formal communications or reports to the Board are to be submitted through building supervisors and administrators to the superintendent in accordance with established lines of authority, as approved by the Board. This does not restrict protected labor relations communication of bargaining unit members.

All official Board communications, policies and information of staff interest will be communicated to staff through the superintendent to local building supervisors and administrators.

BUILDING HOURS

The buildings are accessible to the public during the course of the school year on weekdays between the hours of 7:30 AM – 4:00 PM.

Each building administrator/principal will control the use of building keys and ensure that buildings are adequately closed and locked when no authorized personnel are present. Each principal shall set up and maintain a key control system to record the issue and return of all keys; the system will include the date, name of employee, key number, and room number or building/area. All keys issued through the office of the principal are considered district keys.

Each employee has a responsibility to assist in the maintenance of controlled access to district property and facilities.

Refer to Board Policy, ECA/ECAA, and ECA/ECAA-AR.

COMMUNITY USE OF BUILDINGS

The buildings are open to community groups during the week and weekends for approved use when such use does not interfere with district programs. Building use forms are available in the school offices.

As classrooms may be scheduled outside regular building hours, all staff are encouraged to leave their rooms in order and to secure personal items. The district is not responsible for personal items left on district property.

Refer to Board Policy KD and KD-AR.

CONFERENCE AFFILIATION

The district’s high school is a member of the Oregon School Activities Association (OSAA) and participates in recognized activities in the West Valley League with schools comprised of comparable enrollments and activity programs.

The high school participates in the following OSAA-recognized activities: football, boys and girls soccer, volleyball, wrestling, boys and girls basketball, track, baseball, softball, rally, band, choir and student council. Refer to Board Policy IGD.
DISTRICT OFFICE HOURS

The district office is open for staff on weekdays between the hours of 7:30 AM – 4:00 PM during the school year.

During summer months and other times during the school year when school is not in session, the hours will be posted.

FOUNDATION

A Better Community – Dayton Education Foundation (ABC-DEF) was founded in 2000 as a non-profit, tax-exempt organization dedicated to supporting public education in the Dayton School District. Led by a volunteer Board of Directors, ABC-DEF provides financial support for programs and activities that are not supported by tax dollars. The ABC-DEF motto is “Building Futures Through Enhanced Educational Opportunities.”

One licensed and one classified staff member serve on the Board of Directors. If you are interested in making a contribution through payroll deduction or would like more information on the Foundation, please contact the District Office.

The Foundation sponsors teacher grant applications, typically in early fall. Watch for announcements.

VIDEO SURVEILLANCE

The Board authorizes the use of video cameras on district property to ensure the health, welfare and safety of all staff, students and visitors to district property, and to safeguard district facilities and equipment. Video cameras may be used in locations as deemed appropriate by the superintendent. The district shall notify staff and students through student/parent and staff handbooks that video surveillance may occur on district property. Students or staff in violation of Board policies, administrative regulations, building rules or law shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies. Video recordings may become a part of a student’s educational record or a staff member’s personnel record. The district shall comply with all applicable state and federal laws related to record maintenance and retention.

STAFF OPERATIONS

ABSENCES

All staff members unable to report to work for any reason must notify the AESOP (Automated Educational Substitute Operator) system by calling 1-800-942-3767, as soon as possible (prior to 6:30 AM) to ensure that appropriate substitute arrangements may be made. Substitutes are assigned on a daily basis unless a longer duration is specified.

In order to facilitate continuity during absences, staff members unable to return to their duties the
following day should contact the building secretary by 2:00 PM. Whenever possible, and as appropriate, substitutes will be retained during the course of your absence. Requests for a particular substitute, or that a particular substitute not be called, may be made in advance through the building principal only. Final decisions regarding substitute use or nonuse will be made by the district. Under no circumstances may staff members arrange coverage through personal arrangements with substitutes or others either for all day or temporary absences from their duties without prior administrative approval. All substitutes must be employed by Edustaff.

Substitute coverage for absences during work hours due to illness or emergency will be arranged as needed upon notification to the building principal.

An absence report form must be completed and returned to the building office for all staff absences including absences due to school or district-related activities. Forms are available at each office. Please submit a leave form to your building office in advance for any anticipated absences.

Paid and unpaid leaves are provided in accordance with collective bargaining agreements, established Board policy and law. After five (5) consecutive absence days a doctor’s note may be required.

**Federal Family and Medical Leave Act (FMLA)/Oregon Family Leave Act (OFLA)**

**Military Family Leave Act (MFLA)/Oregon Military Family Leave Act (OMFLA)**

**Eligibility**

In accordance with federal law, staff members employed by the district for the previous 12 months and who have worked at least 1,250 hours during the year preceding the start of the leave may be eligible for FMLA leave. Staff members employed by the district at least 180 days prior to the first day of the family medical leave of absence and who have worked an average of 25 or more hours per week may be eligible for OFLA leave. There is no minimum average number of hours worked per week when determining employee eligibility for parental leave under OFLA.

**Length/Purpose of Leave**

Employees eligible for FMLA leave under federal law and/or OFLA leave under state law are entitled to take 12 work weeks of leave within a 12-month period for the:

1. Birth of the employee’s child (eligibility expires 12 months after the birth);
2. Placement of a child with the employee for adoption or foster care or for bonding with a newly placed child when the child is under 18 years of age, or when a child older than 18 if incapable of self-care because of mental or physical disability;
3. Care of a family member with a serious health condition;
4. The staff member’s own serious health condition;
5. Eligible employees may take FMLA leave for qualifying exigency while the employee's spouse, son, daughter or parent is on covered active duty or called to covered active duty status during the deployment with Armed Forces to a foreign country (CFR sections 825.126(a)(1 and 2); Federal Register Vol. 78, No. 25, Page 8917);
6. Injured Service Member Leave, allows an employee leave to care for a covered service member who is the employee's spouse, son, daughter, parent or next of kin who has been injured in the line of duty as a member of the Armed Forces;

7. State law allows employees to take leave for the care of a sick or injured child who requires home care but is not suffering from a serious health condition. The district is not required to grant leave for routine medical or dental appointments;

8. State law allows employees to take leave for the death of a family member to attend the funeral or alternative to a funeral of the family member, make arrangements necessitated by the death of the family member or to grieve the death of a family member;

9. Military Family Leave, allows leave for a spouse or partner of a military personnel per each deployment of the spouse or partner when the spouse or partner has either been notified of an impending call to active duty, has been ordered to active duty or has been deployed or on leave from deployment (OFLA only).

Contact the District office for additional information regarding length of leave, intermittent leave and alternative duty under state and federal law and provisions governing two family members eligible for FMLA or OFLA leave.

A serious health condition is defined differently under federal and state law. Contact the District office for details.

Contact the District office for additional information regarding the Military Family Leave Act (MFLA)/Oregon Military Family Leave Act (OMFLA).

Calculating the 12-Month Period for Leave

The district will use the same method for calculating the 12-month period in which the 12 workweek FMLA and OFLA leave entitlement occurs for all employees. The district will use a “rolling” 12-month period measured backward from the date the employee uses any family and medical leave.

Leaves to care for covered service members has its own 12-month year beginning on the first day of leave regardless of the district’s method of calculating the 12-month period for leave.

Paid/Unpaid Leave

Family leave under federal law is generally unpaid. Under state law, employees are entitled to access any accrued paid leave including paid sick leave for any OFLA qualifying event. Contact the District office for information regarding accessing any accrued paid leave for an qualifying event.

The district will notify the employee that the requested leave has been designated as FMLA and/or OFLA leave and, if required by the district, that accrued paid leave shall be used during the leave period. Such notification will be given to the employee prior to the commencement of the leave or within two working days of the employee’s notice of an unanticipated or emergency leave.
When the district does not have sufficient information to make a determination of whether the leave qualifies as FMLA or OFLA leave, the district will provide the required notice promptly when the information is available but no later than two working days after the district has received the information. Oral notices will be confirmed in writing no later than the subsequent payday.

**Application**

Staff members requesting FMLA and/or OFLA leave shall submit to the district a written request at least 30 days prior to the anticipated leave date if the leave is foreseeable based on planned medical treatment. The notice shall include the anticipated starting and ending dates of the requested leave and an explanation of the need for the leave. Staff members are expected to schedule treatment, including intermittent leave and reduced hours, so as to not unduly disrupt the operation of the district.

If advance notice of FMLA leave, under federal law, is not possible, for example due to a change in circumstances or medical emergency, notice must be given as soon as practicable. “As soon as practicable” means at least oral notification within one or two business days of when the leave becomes known to the employee. Failure to provide the required notice for FMLA leave may result in the district delaying the staff member’s leave for up to 30 days after the notice is ultimately given.

If advance notice of OFLA leave is not possible due to unanticipated or emergency leave situation, oral or written notice is required within 24 hours. The district realizes that there may be circumstances when it is not possible to provide a 24-hour notice. Therefore, the staff member may designate a family member or friend to notify the district during that period of time.

In either case, proper documentation must be submitted within three working days of the employee’s return to work. Failure to provide the required notice for OFLA leave may result in the district deducting up to three weeks from the staff member’s leave period.

**Medical Certification**

If the staff member provides 30 or more days notice when applying for FMLA and/or OFLA leave, he/she may be required to provide medical documentation when appropriate to support the request for leave. The district will provide written notification to employees of this requirement within three working days of the staff member’s request for leave. If the staff member provides less than 30 days notice, he/she is required to submit such medical certification no later than 15 calendar days after receipt of the district’s notification that medical certification is required.

Under federal law, a second medical opinion at the district’s expense may be required whenever the district has reason to doubt the validity of the initial medical opinion. The health care provider may be selected by the district. The health care provider shall not be an individual employed by the district on a regular basis. Should the first and second medical certifications differ, a third opinion may be required. The district and the employee will mutually agree on the selection of the health care provider for a third medical certification. The third opinion will be final. Second and
third opinions and the actual travel expenses for a staff member to obtain such opinions will be paid for by the district.

Under state law, the district may require a second opinion and designate the health care provider. Should the two opinions conflict, the district may require a third opinion and that the two providers designate the third health care provider. The third opinion will be final. Second and third opinions and the actual travel expenses for a staff member to obtain such opinion will be paid for by the district.

If the leave is for the purpose of an employee’s own serious health condition, he/she may also be required to provide a fitness-for-duty medical release from the health care provider before returning to work.

The district may require a staff member using OFLA leave to care for a sick child to provide medical certification after the use of more than three days of such leave in a one-year period. They will pay the cost of the medical certification not covered by insurance or other benefit plans.

Continuation of Health Insurance Benefits

Under federal law, group health insurance benefits and premium payments must be continued on the same basis as coverage would have been provided and premiums paid in the absence of the leave. The district will continue to pay the district’s contribution toward the employee’s premium. The employee will continue to pay the employee’s share of premiums, if any. A 30-day grace period will be allowed for receipt of employee contributions. The district’s obligation to maintain the employee’s benefits will cease if the employee’s contribution is more than 30 days late. The district will provide written notice that the premium payment is more than 30 calendar days late. Such notice will be provided within 15 calendar days before coverage is to cease.

Return to Work

Following an FMLA or OFLA leave, a staff member is generally entitled to be returned to his/her former position or to an equivalent job with equivalent benefits, pay and other terms and conditions of employment, with certain exceptions. See the District office for details of this or any other provision of FMLA or OFLA leave.

ABUSE OF A CHILD REPORTING

All staff will be required to participate in annual training in the prevention and identification of abuse of a child and the obligations of reporting.

Any staff member who has reasonable cause to believe that any child under 18 years of age with whom the employee has come in contact has suffered abuse or neglect, by any adult or by a student, shall immediately orally report to the Oregon Department of Human Services, Community Human Services, or local law enforcement agency. The principal is also to be immediately informed. In the event the principal is the suspected abuser, the superintendent shall receive the report of abuse.
Written documentation of this report must be completed and submitted to the principal. Forms are available in the office.

Oregon law recognizes these types of abuse:
1. Physical;
2. Neglect;
3. Mental injury;
4. Threat of harm;
5. Sexual abuse and sexual exploitation.

Failure to report a suspected abuse of a child or to comply with the confidentiality of records requirements is a violation punishable by law and by district disciplinary action up to and including dismissal.

A staff member who, based on reasonable cause, participates in good faith in making of an abuse of a child report shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed as provided by law.

Intentionally making a false report of abuse of a child is a Class A Violation.

Under Oregon law, school policy on suspected abuse of a child by a school employee is as follows:
1. Abuse of a child by school employees is not tolerated.
2. Each school building shall post in the office and in the staff room the name and contact information for the person designated for the school building to receive reports of suspected abuse of a child by school employees, and the procedures the person will follow upon receipt of a report.
3. All school employees are subject to this policy and related administrative rules.
4. Procedure for reporting:
   a. School employee shall report to building administrator.
   b. Building administrator will take the report in writing.
   c. The staff member and building administrator shall report the claim to the Superintendent, the Department of Human Services, and/or law enforcement agency.
   d. The Superintendent will, upon receiving the report, investigate in a timely manner.
   e. Upon completion of the investigation, the Superintendent will notify the person who initiated the report about actions taken by the District based upon the report.
5. When the District receives a report of suspected abuse of a child by one of its employees, and the District determines that there is reasonable cause to support the report, the District shall place the school employee on paid administrative leave until either: (a) the Department of Human Services or a law enforcement agency determines that the report is unfounded or that the report will not be pursued; or (b) the Department of Human Services or a law enforcement agency determines that the report is founded and the District takes the appropriate disciplinary action against the school employee. If the Department of Human Services or a law enforcement agency is unable to determine, based upon a report of suspected abuse of a child, whether abuse of a child occurred, the District may reinstate a school employee placed on paid administrative leave or may take appropriate disciplinary action against the employee.
6. The initiation of a report in good faith about suspected abuse of a child may not adversely affect any terms or conditions of employment or the work environment of the complainant. Neither the Board nor any school employee will discipline a student for the initiation of a report in good faith about suspected abuse of a child by a school employee.

7. Upon request from a law enforcement agency, the Department of Human Services, or the Teacher Standards and Practices Commission, the District shall provide the records of investigations of suspected abuse of a child by a school employee.

A substantiated report of abuse by an employee shall be documented in the employee’s personnel file.

Under Oregon law, school districts are required to provide annual training to school employees on the prevention and identification of abuse of a child and on the obligations of school employees as mandatory abuse of a child reporters under Oregon law.

Oregon law also requires the Oregon Department of Human Services to make diligent efforts to notify persons who make reports of abuse of a child about the outcome of the investigation, if provided with information about contacting the individual who made the report.

Staff members are required to comply with all applicable laws.

**ADMISSION TO DISTRICT EXTRACURRICULAR ACTIVITIES**

As a contracted benefit, all staff members will be entitled to receive free admission passes to attend with their family/household members all extracurricular activities within the District. These passes are not transferable. Staff members in attendance at an event should understand that they may be called upon to provide assistance if needed.

**ANIMALS IN DISTRICT FACILITIES**

Only service animals, as defined in the Americans with Disabilities Act, serving persons with a disability and animals approved by the superintendent that are part of an approved district curriculum or co-curricular activity are allowed in district facilities.

Companion and comfort animals are not considered service animals.

Animals, except those service animals serving persons with disabilities, may not be transported on a school bus.

Refer to Board Policy ING and administrative regulations for additional information and requirements.

**BREAKS**

Each non-exempt employee will have a scheduled break not to exceed ten (10) minutes for every four (4) hours of work. An employee working more than five (5) hours per day shall have in addition to the break, one-half (1/2) hour unpaid, uninterrupted lunch break. An employee working
more than seven (7) hours per day shall have a scheduled additional ten (10) minute break. Breaks are not accumulative. Non-exempt employees are expected to adhere to the break schedule established by the building principal. Deviation from the regularly scheduled break period requires prior supervisor approval.

**CARE/USE OF DISTRICT PROPERTY**

All staff members are encouraged to exercise continuous and vigilant care of all district-owned property. Such items as computer and video equipment, and musical instruments are priority items for theft and damage.

Incidents of theft or willful destruction of district property through vandalism or malicious mischief should be reported immediately to the building principal.

**CASH IN DISTRICT BUILDINGS**

Money collected by staff as a result of fund raisers or other school-related purposes is to be deposited in the office whenever the sum accumulated in any one day by a class, staff member or others exceeds $25. At no time are substantial amounts of money to be kept overnight or held during holidays or for long periods of time in classrooms.

Staff members are asked to emphasize to students the importance of promptly depositing money collected with appropriate school officials.

Staff members and volunteers are expected to follow the Student Body Deposit/Cash Procedures as outlined on the back of the “Student Body Accounts – Summary for Deposits/Cash Received” forms. These forms are available in all offices. Refer to Board Policy IGDF, Student Fund-Raising Activities.

**CHECKOUT**

**Workday Checkout**

All staff arriving late, leaving early, or leaving the building during the workday, are required to check out/in with the building office. This will enable office staff to respond appropriately in the event of message and emergency situations that may arise.

**Year-end Checkout**

The building principal will collect all staff keys prior to the issuance of final paychecks unless assigned duties require continued access. All staff will complete the checkout procedures defined by the building principal or administrator.

**CLASSROOM SECURITY**

When leaving the classroom, locker room or other work areas between classes or at the end of the
day, teachers are expected to turn out the lights and secure all doors and windows.

All staff members are required to protect confidential information. In order to prohibit student or other unauthorized access to confidential data, staff members are expected to secure their room and/or to lock down their computer stations when leaving the area. If you need assistance with this or have concerns, please contact your building administrator or designee.

All staff are asked to refrain from keeping personal items of value in or about their desks. Purses should never be left unsecured. Students should be instructed to leave valuables at home. The district will not be responsible for the loss of, or damage to, personal property due to such causes as fire, theft, accident or vandalism.

**COMMUNICABLE DISEASE/BLOODBORNE PATHOGENS/INFECTION CONTROL PROCEDURES**

The district provides for the reasonable protection against the risk of exposure to communicable disease to all staff while engaged in the performance of their duties. Reasonable protection is generally attained through immunization and exclusion in accordance with Oregon law, by the local health department or in the *Communicable Disease Guidance* published by the Oregon Department of Education and the Oregon Health Authority. Infection control procedures, including provisions for handling and disposing of potentially infectious materials, have also been established through Board policy and administrative regulations for staff and student protection.

All staff shall comply with measures adopted by the district and with all rules set by the Oregon Health Authority and the local health department.

Staff members have a responsibility to report to the district when infected with a communicable disease unless otherwise stated by law. Refer to Board Policies EBBAB/GBEBAA, HVB/Bloodborne Pathogens; GBEB, Communicable Disease; EGB/JHCC, Communicable Disease; GBEB/JHCC, Communicable/Infectious/Aids/Diseases; GBEBA, Staff – HIV, Aids and HBV; and administrative regulations.

**HBV*/Bloodborne Pathogens Training and Immunization**

Staff members designated as primary first-aid providers, or who may otherwise incur occupational exposure to blood or other potentially infectious materials in conjunction with their assigned duties as determined by the district, will receive appropriate information and training as follows:

1. At the time of initial assignment to tasks where occupational exposure may take place;
2. At least annually thereafter and within one year of their previous training;
3. When changes such as modification of tasks or procedures or new tasks or procedures affect the staff member’s occupational exposure.

Additionally, HBV vaccination and vaccination series will be made available after training and within 10 days of initial assignment to all staff who have been identified by the district as being at risk for occupational exposure. Report any occupational exposure to bloodborne pathogens to the building principal. Following a report of an exposure incident, the district will immediately make
available to the exposed staff member a confidential postexposure evaluation and follow-up.

Employees who use medical sharps in the performance of their duties (e.g., administering injectable medicines to students, such as epinephrine and glucagon) will annually be provided an opportunity to identify, evaluate and select engineering and work practice controls (e.g., sharps disposal containers, self-sheathing needles, safer medical devices, such as sharps injury protections and needleless systems). The district will implement such work practice controls, as appropriate.

If staff have questions regarding Bloodborne Pathogens requirements, contact your building administrator or supervisor.

**Infection Control Procedures**

Appropriate hygienic and sanitation practices have been established by the district as follows:

1. Standard precautions are to be followed at all times. Standard precautions require the assumption that staff and students approach infection control as if all direct contact with human blood and body fluids is known to be infectious for HIV*, HBV and/or bloodborne pathogens;
2. Whenever possible, students should be directed to care for their own minor bleeding injury. This includes encouraging students to apply their own bandaids. If assistance is required, bandaids may be applied after removal of gloves if caregiver will not come into contact with blood or wound drainage;
3. Food and Drug Administration (FDA) approved gloves are required for all tasks in which an individual may come into contact with blood or other potentially infectious materials. Such tasks include cleaning body fluid spills, emptying trash cans, handling sharps/containers, handling contaminated broken glass, cleaning contaminated equipment and handling contaminated laundry/clothing. This also includes assisting with any minor wound care, treating bloody noses, handling clothes soiled by incontinence, diaper changing and cleaning up vomit;
4. Immediate, complete and effective hand washing with soap and running water of at least 30 seconds duration should follow any first aid or health care given a student or contact with potentially infectious materials;
5. If exposure to blood or other potentially infectious materials occurs through coughing, any first-aid procedure or through an open sore or break in the skin, thorough washing, preferably with germicidal soap, is necessary;
6. In the event hand-washing facilities are not readily available, thorough cleaning using an antiseptic cleanser and clean cloth/paper towels or antiseptic towelettes provided by the district as an alternative is necessary. In the event alternatives are used, hands must be washed with soap and running water as soon as feasible;
7. Contaminated work surfaces shall be decontaminated with an appropriate disinfectant after completion of procedures; immediately or as soon as feasible when surfaces are overtly contaminated or after any spill of blood or other potentially infectious materials; and at the end of the workshift if the surface may have become contaminated since the last cleaning. Clean surfaces with soap and water and then rinse with an Environmental Protection Agency (EPA) approved disinfectant** following labeling instructions for use, or a freshly-made
solution of one part bleach to nine parts water, and allow to air dry. These surfaces include equipment, counters, mats (including those used in physical education classes and athletic events), toys or changing tables.

8. An EPA-approved disinfectant must be used when cleaning fluids such as blood or vomit from the floor or other such contaminated surfaces;

9. Contaminated laundry such as clothing and towels must be placed and transported in bags and containers in accordance with the district’s standard precautions. All such items must be laundered in hot or cold water and soap and placed in a dryer;

10. Needles, syringes, broken glassware and other sharp objects found on district property must not be picked up by students at any time, nor by staff without appropriate puncture-proof gloves or mechanical device such as a broom, brush and dust pan. Any such items found must be disposed of in closable puncture resistant, leakproof containers that are appropriately labeled or color-coded;

11. All wastebaskets used to dispose of potentially infectious materials must be lined with a plastic bag liner that is changed daily;

12. Gloves and repellent gowns, aprons or jackets are required for tasks in which exposure to blood or other potentially infectious materials can be reasonably anticipated to contaminate street clothing. Type and characteristics of such protective clothing will depend on the task. Such tasks may include diapering/toileting with gross contamination, assisting with wound care, sorting or bagging contaminated laundry/clothing and disposing of regulated waste with gross contamination;

13. Maximum protection with gloves, face and/or eye protection and gowns are required whenever splashes, spray, spatter or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated. Such tasks may include feeding a student with a history of spitting or forceful vomiting and assisting with severe injury and wound with spurting blood;

14. If a first-aid situation occurs, students should report to a person in authority, staff should report to a supervisor.

* HIV - Human Immunodeficiency Virus
  AIDS - Acquired Immune Deficiency Syndrome
  HBV - Hepatitis B Virus

** Disinfectants which can be used include Lysol, Purex, Clorox, Tough Act bathroom cleaner, Dow bathroom cleaner, Real Pine liquid cleaner, Pine Sol, Spic and Span, Tackle liquid, Comet and other products with EPA numbers. Other disinfectants as recommended by the Center for Disease Control may be used.

COMPLAINTS

Student/Parent Complaints

The district recognizes that complaints regarding staff performance, discipline, grades, student progress and homework assignments will be made by students and parents from time to time. Every effort will be made to ensure that such complaints are handled and resolved informally and as close to their origin as possible. Students, parents and others with complaints will be encouraged
to discuss the complaint directly with the staff member. All such meetings should be held in confidence and not in the presence of others.

If the complaint is not informally resolved, staff should advise the complainant that he/she may submit the matter directly to the building principal or immediate supervisor, as appropriate. The complainant will be provided with necessary formal complaint procedure guidelines in accordance with Board policy and applicable provisions of collective bargaining agreements.

When a complaint is made directly to the Board as a whole or to an individual Board member, it will be referred to the superintendent for appropriate building administrator follow-up.

All staff members should familiarize themselves with Board policy and applicable provisions of administrative regulations and collective bargaining agreements regarding the handling of complaints.

**Staff Complaints**

Any staff member who believes there is evidence of, and wishes to report a violation, misinterpretation or inappropriate application of district personnel policies and/or administrative regulations; a mismanagement, gross waste of funds or abuse of authority; or a substantial and specific danger to public health and safety caused by the actions of the district should be directed to the building principal or immediate supervisor for informal discussion and resolution. If the staff complaint is against the superintendent the complaint should be referred to the Board Chair.

If the complaint is not resolved informally, formal complaint procedures may be initiated by staff in accordance with Board policy and administrative regulations.

**COMPUTER USE**

Staff may be permitted to use the district’s electronic communications system only to conduct business related to the management or instructional needs of the district or to conduct research related to education consistent with the district’s mission and goals. Personal use of district computers, including Internet and e-mail access is restricted. Any personal use by staff is limited to such uses as deemed permissible under the Oregon Government Ethics Commission (OGEC) guidance (i.e. “occasional use to type a social letter to a friend or family members, preparation of application materials for another position in the district, or computer games which may serve to improve the individual’s keyboard proficiency and software component familiarity”). Such use is restricted to the employee’s own time. Staff who violate Board policy or administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including dismissal. Violations of law will be reported to law enforcement, and violations of applicable Teacher Standards and Practices Commission (TSPC) Standards for Competent and Ethical Performance of Oregon Educators will be reported to TSPC.

Refer to Board Policy IIBGA, Use of District Electronic Communications, administrative regulations, and OAR 584-020-0041.
The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in the district’s information system are the district’s property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district’s system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including E-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district’s system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned E-mail system.

**CONTRACTS AND COMPENSATION**

Contracts will be issued for all licensed and classified district employees.

It is the staff member’s responsibility to provide all information necessary for placement on the salary schedule to the District Office in accordance with timelines established by the district and collective bargaining agreements. Salary placement documentation must be submitted to the District Office no later than September 15 of the new school year or within 20 days of hire for new employees.

Notice will be given to staff in compliance with rules of the insurance carrier and the current relevant collective bargaining agreement regarding domestic partner benefits. Refer to collective bargaining agreements and/or call the District Office for further information on contract and benefits.

**COPYRIGHT**

A variety of machines and equipment for reproducing materials to assist staff in carrying out their educational assignments is available to staff in both the school and home setting.

Infringement on copyrighted material, whether prose, poetry, graphic images, music, audiotape, video or computer-programmed materials, is a serious offense against federal law, a violation of Board policy and contrary to ethical standards required of staff and students.

All reproduction of copyrighted material shall be conducted strictly in accordance with applicable provisions of law. VIII. Violations
Employees in violation of copyright law may be required to remunerate the district in the event of loss due to litigation and may be subject to discipline up to and including dismissal.

CONFERENCES
Planned conferences between teachers and parents are essential to the district’s efforts to further understanding and close cooperation between the home and school.
Conferences should be treated as an opportunity for constructive, mutual exchange of information and ideas for the welfare and continued academic growth of the student.

Occasionally, teachers or parents may arrange for conferences outside regularly scheduled conference dates, to meet more immediate student needs. Teachers should be prepared to provide after-school or preschool time to meet with students as necessary.

**CRIMINAL RECORDS CHECKS/FINGERPRINTING**

All newly licensed or registered educators are required to submit to a nationwide criminal records check including fingerprinting in accordance with rules established by the Teacher Standards and Practices Commission (TSPC). This includes any individual registering with TSPC for student teaching, practicum or internship as a teacher, administrator or personnel specialist who has not submitted to a criminal records check within the previous year. Those applying for reinstatement of a license or registration that has expired for more than three years are required to submit to nationwide criminal records checks and fingerprinting in accordance with rules and procedures as set forth by TSPC.

Additionally, all staff not requiring licensure or registration as a teacher, administrator, personnel specialist or school nurse and newly hired are required to submit to a nationwide criminal records check including fingerprinting as required by Board policy and Oregon law.

Employment will be offered pending the return and disposition of such checks. All offers of employment are contingent upon the results of such checks.

Fees associated with criminal records checks and/or fingerprinting for individuals applying for employment with the district shall be paid by the individual.

A staff member not requiring licensure or registration may request that the required fees be withheld from his/her paycheck. A staff member may request periodic payroll deductions rather than a lump sum payment.

The district’s use of criminal history must be relevant to the specific requirements of the position, services or employment.

The following procedures will be used for all employees subject to criminal records checks and/or fingerprinting:

**Processing/Reporting**

1. The individual shall complete the appropriate forms or requirements approved by ODE.
2. If the individual is subject to fingerprinting per state law, he/she is responsible for reporting to an authorized fingerprinter within three working days for fingerprinting as required by the district. Fingerprints may be collected by one of the following:
   a. Employing district staff;
b. Contracted agent of employing district; or
c. Local or state law enforcement agency.

**Appeals**

An individual may appeal a determination, that prevents his/her employment or eligibility to contract with the district, to the Superintendent of Public Instruction as a contested case and will be so notified in writing by the ODE.

**CURRICULUM**

Curriculum guides and standards are available for courses taught in the district. Curriculum guides reflect a consistent and coherent structure for the education of district students.

The curriculum established for the courses and grade levels of this district provides the flexibility necessary to meet the individual needs of students and their divergent learning rates and styles.

Deviations from established curriculum, textbooks and instructional materials are not permitted without building principal approval. Teachers with questions should contact the building principal.

Though teaching methodology may vary, classroom instruction is expected to reflect “best practices” consistent with research on effective instruction.

Section 812) and as further defined by regulation at 21 CFR 1308.11 through 1308.15.

“Workplace” is defined to mean the site for the performance of work done for the district. That includes any school building or any school premises; any school-owned vehicle or any other school-approved vehicle used to transport students to and from school or school activities; off school property during any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district. Such action may include transfer, granting of leave with or without pay, suspension with or without pay, or dismissal.

Within 30 days of a staff member’s criminal drug statute conviction for a violation occurring in the workplace, the district shall:
1. Take action with regard to the employee determined to be appropriate which may include discipline up to and including dismissal; and/or

A phone tree will be distributed to all staff by the building principal for use in the event of delayed openings or school closures. The district subscribes to a service that posts the delayed openings or school closures on the local radio and television stations.

Staff members should refer to their collective bargaining agreements if there are questions about whether they are required to report to work on school closure days.
EMERGENCY PROCEDURES AND DISASTER PLANS

All staff will be provided with a copy of the district’s emergency procedures plan detailing staff responsibilities in the event of such emergencies as disorderly behavior, unlawful assembly, disturbances at school activities, natural disasters, fire, safety threats, illness or injury of a student or staff member and the authorized use of force on school property.

Copies of the emergency procedures plan will be available in the office and other strategic locations throughout the building.

Licensed Staff

PHILOSOPHY STATEMENT

The intent of the teacher effectiveness program is ultimately to improve student learning and achievement. In the process the teacher should become better attuned to his/her own practices and learn ways to enhance the strengths and decrease the impact of any weakness(es). Teachers will also be able to develop habits that have been identified as distinguished teacher traits, examine the forces that influence teaching, and create productive dialogue amongst our teaching staff.

PURPOSE AND GOALS OF EVALUATION

Effective teaching and leadership matter. Within the school environment, teachers and administrators have the most impact in creating equity and excellence for each and every student. Teachers and administrators have a challenging task in meeting the needs of an educationally diverse student population, and meaningful evaluations are necessary to provide educators with the support, recognition, and guidance needed to sustain and improve their efforts. Evaluation systems must be designed comprehensively to go beyond the use of personnel decision making to inform the growth process across the system and to measure a full range of performance across different settings. The primary goal of elevating teaching, leading, and learning throughout the systems cannot be accomplished with summative assessment alone.

Undertaking the work of designing, implementing, and monitoring an effective evaluation and support system for educators is both complex and time consuming; however, based upon the powerful correlation between teacher and principal effectiveness to student learning and growth, this work is imperative and of the utmost importance.
The ultimate goal of strengthening teacher and leader evaluation systems in Oregon is to ensure equitable outcomes where all students, regardless of background, are ready for college, careers, and engaged citizenship by ensuring the following outcomes:

- Improved student learning at all schools and for all students.
- Effective teachers in every classroom.
- Effective leaders in every school and district.
- Reducing achievement gaps between the highest and lowest performing student groups, while increasing achievement and success for every student.
- Continuous professional growth for teachers and leaders throughout their careers.

The Oregon Framework for Teacher and Administrator Evaluation and Support Systems creates a fair and equitable system to measure teacher and leader effectiveness. This valid and reliable system will meaningfully differentiate performance using four performance levels and will include measures of teachers’ and principals’ contribution to student learning and growth toward academic goals and learning standards.

Purposes of the evaluation and support system are to:

- Strengthen the knowledge, dispositions, performances and practices of teachers and administrators to improve student learning
- Strengthen support and professional growth opportunities for teachers and administrators based on their individual needs in relation to the needs of students, school, and district
- Assist school districts in determining effectiveness of teachers and administrators in making human resource decisions.

Defining Teacher and Principal Effectiveness

Development of evaluation and support systems should begin with defining the terms “effective” teacher and “effective” principal (or administrator). The Educator Effectiveness Workgroup developed the definitions below which reflect the adopted Model Core Teaching Standards (OAR 581-022-1724) and Educational Leadership/Administrator Standards (OAR 581-022-1725).

**Teacher Effectiveness**

Effective teachers in the state of Oregon have the essential knowledge, critical dispositions and performances needed to promote the success of every student through high expectations, challenging learning experiences, a deep understanding of the content, effective instructional practice, and professional responsibility.

By demonstrating proficiency in the adopted teaching standards, effective teachers improve student learning and growth by providing instruction that enables all students regardless of their background to meet and exceed ambitious goals and standards for student learning. Effective teachers empower every student to take ownership of his or her own learning and leverage diverse student assets to promote learning for all students.

Through implementation of the Common Core State Standards (CCSS), effective teachers integrate cross-disciplinary skills to help students master content and apply knowledge and skills
to explore ideas, propose solutions, develop new understandings, solve problems, and imagine possibilities. They strive to eliminate achievement gaps and to prepare diverse student populations for postsecondary and workforce success.

Effective teachers use assessment data to monitor each learner’s progress formatively, adjust instruction as needed, provide feedback to learners, and document learner progress against standards using multiple sources of evidence. They also analyze student learning outcomes to plan meaningful learning opportunities, customize instruction for students with a wide range of individual and cultural differences, and incorporate new technologies to maximize and individualize learning experiences.

Effective teachers understand that helping all students succeed cannot happen in isolation; they engage in intensive professional learning, peer and team collaboration, continuous self-reflection, consultation with families, and ongoing study of research and evidence-based practice. Effective teachers demonstrate leadership by encouraging transparency and contributing to positive changes in practice which advance the profession. They also lead by modeling ethical behavior, taking responsibility for the learning and well-being of all students, and supporting a shared vision and collaborative culture. Effective teachers communicate high expectations to students and their families, in particular those who have historically been left behind/marginalized, and utilize diverse strategies to engage them in a mutually supportive teaching and learning environment. They perform all duties according to the ethical and competent standards set by the Teachers Standards and Practices Commission.

Principal Effectiveness

Effective principals in the state of Oregon integrate principles of cultural competency and equitable practice and promote the success of every student through visionary leadership, instructional improvement, effective management, inclusive practice, ethical leadership, and the socio-political context of their building and district. By demonstrating proficiency in the adopted educational leadership/administrator standards, effective principals improve teacher effectiveness and student learning and growth. They also lead by modeling ethical and competent behavior according to all standards set for administrators by the Teachers Standards and Practices Commission.

As the school’s instructional leader, effective principals enable critical discourse and data-driven reflection and decisions about curriculum, assessment, instruction, and student progress, and create structures to facilitate instructional improvement. Effective principals ensure their staff receives support, assistance, and professional growth opportunities necessary to strengthen teacher knowledge, skills, dispositions, and instructional practices in mutually-identified areas of need. By creating a common vision for equity and excellence and articulating shared values, effective principals lead and manage their schools in a manner that promotes collaboration and equity, creates an inclusive and safe, efficient, and effective learning environment, and improves the school’s positive impact on students, families, and community members.
REQUIRED ELEMENTS OF TEACHER EVALUATION AND SUPPORT SYSTEMS

Teacher evaluation and support systems in all Oregon school districts must include the following five elements:

<table>
<thead>
<tr>
<th>(1) Standards of Professional Practice</th>
<th>(2) Differentiated Performance Levels</th>
<th>(3) Multiple Measures</th>
<th>(4) Evaluation and Professional Growth Cycle</th>
<th>(5) Aligned Professional Learning</th>
</tr>
</thead>
</table>

These five required elements establish the parameters for local evaluation and support systems. The framework describes the state criteria for each of these elements. Districts must align their systems to these elements but have local flexibility in their design and implementation. Local systems must meet or exceed the state criteria for evaluation and support systems.

STANDARDS OF PROFESSIONAL PRACTICE: MODEL CORE TEACHING STANDARDS

The standards of professional practice are the cornerstone of an evaluation system. The Model Core Teaching Standards are the foundation of Oregon’s evaluation framework. These professional standards outline what teachers should know and be able to do to ensure every student is ready for college, careers and engaged citizenship in today’s world. These standards help frame a comprehensive definition of effective teaching.

Oregon legislation (SB 290) called for the adoption of teaching and administrator standards to be included in all evaluations of teachers and administrators in the school district. The State Board of Education adopted the Model Core Teaching Standards (581-022-1724) in December 2011 and requirements for district evaluation systems (581-022-1723).

The Model Core Teaching Standards build on national standards, are research based, utilize best practices, and were developed with a wide variety of stakeholders over the course of several years. Districts are required to build their evaluation and support systems using these adopted standards.

FAIR LABOR STANDARDS ACT

Regular working hours for all classified staff will be set by the building principal or supervisor. Classified staff are not to work before, beyond or outside their established working hours and are not to work overtime without prior authorization from the building principal or supervisor. All time sheets must be a true reflection of all time worked, whether it is more or less than regularly scheduled work hours.

Failure to comply may result in disciplinary action in accordance with applicable provisions of Board policy, administrative regulations, and collective bargaining agreements. This serves as written notification by administrators, directors and/or supervisors to nonexempt employees (only teachers, district administrators, business manager, and maintenance director are exempt employees), as defined by the Fair Labor Standards Act, of the Board’s following expectations:
- What constitutes nonexempt working hours;
- What constitutes normal working hours;
- That employees are not to work before, beyond or outside their normal working hours or are not to work overtime without prior authorization;
- That employee time sheets be a true reflection of all time worked, whether it is more or less than normally scheduled hours;
- That a written corrective statement be given to employees not complying with established procedures.

Overtime is defined as time actually worked over 40 hours in one week. A week is defined as seven consecutive days covering Monday through Sunday.

If funds are available, classified overtime will be compensated at not less than one and one-half times the employee’s rate of pay. If funds are not available for authorized overtime, compensatory time at not less than time and one-half will be allowed.

**FUND RAISING**

Fund raising activities to raise money for a wide variety of school activities and equipment are held at various times throughout the course of the school year. All fund raising activities must be conducted under the direct supervision of staff or other authorized individuals and approved by the building principal prior to the activity being initiated.

Fund raising requests must include an explanation or justification for the proposal consistent with building and/or district goals. Fund raising must not interfere with or disrupt school.

Bake sale and food sale fund raising must follow all health code requirements including food handlers license, cooking and storage of food items, and cleaning requirements. Any use of school kitchen facilities must be under the direction of food service staff. Food sold outside the school kitchen must have a temporary event license, and subsequent inspection. Food made at home may not be sold at school events.

All money raised must be receipted and deposited with the district. Refer to Board Policy IGDF, Student Fund-Raising Activities. The district “Summary for Deposits/Cash Received Form” and “Fundraiser Activity Request Forms” shall be used for all fund-raising activities. Forms are available in the office.

Staff and students should take all reasonable precautions to provide for the security of any items/materials/products being sold. Staff members are directed to follow established building procedures for the depositing of funds collected. At no time should money collected be allowed to accumulate in classrooms, lockers or other unsecured areas.

**GIFTS AND SOLICITATIONS**

Staff members are to avoid accepting anything of value offered by another for the purpose of influencing his/her professional judgment.
Staff members are prohibited from accepting items of material value from companies or organizations doing business with the district. Material value is defined by law as $50 or more from a single source in a single year.

No staff member may solicit funds in the name of the school or district through the use of, but not limited to, internet-based or crowd-funding types of fund raising, with the approval of the principal.

No organization may solicit funds from staff members within the schools, nor may anyone distribute flyers or other materials related to fund drives through the school without building principal approval.

The solicitation of staff by sales people, other staff or agents during on-duty hours is prohibited without approval. Any solicitation should be reported at once to the building principal.

Refer to Board Policies GBI, Gifts and Solicitation; KI, Public Solicitation in District Facilities; and KJ/KJ, Commercial Advertising/Merchandise Sales, administrative regulations, and the Oregon Government Ethics laws (see Staff Ethics).

GRIEVANCES

Refer to applicable collective bargaining agreements or contracts.

GUEST SPEAKERS/CONTROVERSIAL SPEAKERS

Guest speakers may be used by teachers from time to time, when such use is consistent with educational goals and with a demonstrable relation to the curricular or cocurricular activity in which the participating students are involved. Teachers are expected to inform the building principal of the date, time and nature of the presentation whenever such use is planned.

Prior building principal approval is required whenever the guest speaker and/or presentation may be reasonably considered controversial.

Guest speakers should represent various approaches or points of view on a given topic in order to afford students a more comprehensive understanding of the issue.

Prior to his/her participation, guest speakers are to be informed of the following regulations:

1. Profanity, vulgarity and lewd comments are prohibited;
2. Use of a tobacco product or inhalant delivery system or other similar device is prohibited;
3. Sexist, racial remarks or derogation of any group or individual is prohibited;
4. Any curriculum guidelines which address controversial subject matter (eg. religion, sexuality education, evolution).

Teachers responsible for inviting a particular guest speaker have the right and obligation to
interrupt or suspend the presentation if the conduct or content being presented is judged to be in poor taste or endangers the health and safety of students or staff.

**HAZING/HARASSMENT/INTIMIDATION/MENACING/CYBERBULLYING**

Hazing, harassment, intimidation or bullying, menacing and cyberbullying by students, staff or third parties toward staff is strictly prohibited and shall not be tolerated by the district. Staff who are found to be in violation of this policy will be subject to discipline up to and including dismissal. Individuals may also be referred to law enforcement officials and staff will be reported to the Teacher Standards and Practices Commission (TSPC). Students will be subject to discipline up to and including expulsion.

An employee who has knowledge of conduct in violation of Board policy JFCF – Hazing/Harassment/Intimidation/Bullying/Cyberbullying/Teen Dating Violence/Domestic Violence – Student shall immediately report his/her concerns to the designated district official.

Failure of an employee to report an act of hazing, harassment, intimidation or bullying, menacing, cyberbullying or teen dating violence of a student to the designated district official may be subject to remedial action, up to and including dismissal.

**HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)**

The district will safeguard the protected health information of employees from use or disclosure that may violate standards and implementation specifications to the extent required by law.

“Protected health information” means individually identifiable health information that is: (1) transmitted by electronic media; (2) maintained in electronic media; (3) transmitted or maintained in any other form or medium.

The electronic exchange of financial and administrative transactions related to an individual’s protected health information will meet the requirements of HIPAA, including national standards for transactions designed to ensure the security of health information created or received by the district.

Individuals with questions about how medical information may be used and disclosed and how to get access to this information, or with complaints about district compliance with HIPAA, should contact the personnel office.

**INJURY/ILLNESS REPORTS**

All injuries/illnesses sustained by the employee while in the actual performance of the duty of the employee, occurring on district property, in a district vehicle or during the course of school-sponsored activities, including field trips and other away events, are to be reported to the principal immediately. Reports will cover property damage as well as personal injury.
A completed injury/illness report form must be submitted to the principal within 24 hours or the next scheduled district workday, as appropriate.

All accidents involving students, visiting public or district property will be reported immediately to a supervisor.

In the event of a work-related illness or injury to an employee resulting in overnight hospitalization for medical treatment other than first aid, the District office will report the incident to the Oregon Occupational Safety and Health Administration (OR-OSHA) within 24 hours as required by law. Fatalities or catastrophes will be reported to OSHA within eight hours.

An injury or illness is work related if an event or exposure in the work environment caused or contributed to the condition or significantly aggravated preexisting condition. Medical treatment includes managing or caring for a patient for the purpose of combating disease or disorder. The following are not considered medical treatment: visits to a doctor or health care professional solely for observation or counseling; diagnostic procedures including administering prescription medications used solely for diagnostic purposes; and any procedure that can be labeled first aid. A catastrophe is an accident in which two or more employees are fatally injured, or three or more employees are admitted to a hospital or equivalent medical facility.

All work-related injuries/illnesses will be promptly investigated and corrective measures implemented, as appropriate.

INVENTORY

The district will maintain an inventory of all fixed assets in accordance with Oregon governmental accounting standards. The district’s inventory will be updated annually to include property newly purchased and disposed.

The staff is responsible to assist in inventory accounting by notifying the District Office when inventoried items (including tagged non-consumable supplies) are moved from one room to another. Staff members may not dispose of district property without authorization from the superintendent. Refer to Board Policies DID, Property Inventories, and DN, Disposal of District Property, and administrative regulations.

JOB SHARING

Refer to licensed collective bargaining agreement.

JURY DUTY

As outlined in District Policy GF, employees may receive their normal salary during the time excused for jury duty provided the jury reimbursement, less expenses (i.e. mileage) is turned over to the District. Although the time that an employee is required to remain at the court is unknown and may vary from day to day, the District’s expectation is that the employee will return to work if released from the court prior to the end of their regular work day.
KEYS

Keys (and/or key cards or key fobs) are issued to staff by the building principal or designee. In order to protect property, students and staff and to ensure the building is adequately secured when no authorized personnel are present, all staff are expected to follow the following key-control procedures:

1. The duplication of keys is prohibited;
2. Keys are not to be left unattended. Avoid leaving keys on desks, tables, in mailboxes, unattended coat pockets, etc.
3. Keys may not be loaned to students or to individuals not employed by the district. Under no circumstances should staff provide keys to students to “run errands,” “unlock/lock” doors, etc.;
4. Lost or stolen keys must be reported to the building principal within 24 hours of discovery of the loss or theft so that measures may be taken to protect district property. Three days will be allowed for the finding or recovery of keys before any charges are assessed;
5. Upon completion of a lost or stolen key report form, presentation of the broken or damaged key(s) and submission of assessed fees, replacement keys will be issued within 72 hours;
6. Charges for lost or stolen keys will be made to the staff member to whom the key(s) has been issued, in the following amounts:
   a. Room or other keys--$25;
   b. Master key--$100;
   c. Maximum charge--$150.
7. All keys are to be checked in at the end of the school year. Staff with summer duties necessitating building access may make arrangements with the building principal to keep their keys, as appropriate.

LEAVE OF ABSENCE

Leave of Absence Guidelines:

1. An employee must have worked in the District for three years before a Leave of Absence (LOA) will be considered.
2. The leave of absence (unless for medical reasons) must benefit the District. What knowledge/skill/experience will the staff member have during the LOA, which will be of value to Dayton students?
3. Any LOA for longer than one year will not be considered.
4. Requests for LOA must be made by March 1 of the year prior to the leave.
5. Staff members on LOA will not be given a step increase on the salary schedule for the year they were gone.
6. A staff member may not request a LOA the year following being on a Plan of Assistance for Improvement.
7. The expectation is that the staff member will return to employment in the Dayton School District after the LOA.

Leave of Absence requests must start at the building level, and have principal approval. If approved, the request is then sent to the Superintendent for denial/approval. The last step is denial/approval by the Board of Directors.
If the request is denied at the principal or superintendent level it may be appealed to the next approval level. If the request is denied by the Board of Directors the decision is final.

LESSON PLANS

The quality of the instructional program reflects the effort invested by teachers in developing lesson plans consistent with district curriculum and appropriate to the individual needs of students.

Teachers are expected to prepare lesson plans on a weekly basis. Lesson plans are to be kept by teachers in a place known to and accessible to the building principal. Teachers may be required to provide copies of lesson plans to the office at reasonable times and intervals as determined by the building principal.

Lesson plans should be of sufficient length and substance to allow a substitute teacher to carry on the course of study and to provide a means by which the building principal may monitor instruction to assure that the educational program in a particular class or activity is consistent with the district-approved course of study.

An up-to-date seating chart, class schedules and information identifying any classroom student aides or other special student needs should be included in all lesson plan books.

General plans which cover the length of the course of study should also be prepared and readily available for building principal and/or student and parent review.

LICENSE REQUIREMENTS

For all positions that require licensing, the district must be able to verify the current license before the Board will consider approving their employment. Applicants whose license cannot be verified prior to the beginning of school or the first day of employment will not be employed until such license is verified. This includes all endorsements.

The district requires licensed staff to submit copies of all license endorsements to the superintendent’s office. This verification includes all license endorsements. It is the responsibility of each licensed staff member to keep his/her license and all endorsements current and to submit them to the superintendent's office.

Teachers are cautioned that failure to maintain license and endorsements may invalidate their contract with the district.

In the event the district is required to forfeit any State School Fund moneys as a result of a teacher failure to meet license requirements as set forth by the Teacher Standards and Practices Commission (TSPC), the district is entitled to recover one-half of the amount of the forfeiture from the teacher whose unlicensed status caused the forfeiture. Recovery may not exceed one-half of the amount forfeited that is attributable to the particular licensed person.
MAIL AND DELIVERY SERVICES

The interschool mail service is established for school-related purposes. It provides a central mailing service to expedite the distribution of materials and professional communications among schools and staff.

Recognized collective bargaining units may use the service in accordance with the terms of their collective bargaining agreements and Board policy on the use of school facilities and current postal regulations.

All staff are to check their mailboxes before school, at noon and after each working day and remove mail daily. Students should not pick up mail from staff mailboxes.

District mailing and postage may be used for school district business only.

MATERIALS DISTRIBUTION

Requests of staff by individuals or groups to distribute pamphlets, booklets, flyers, brochures and other similar materials to students for classroom use or to take home are to be referred to the building principal. The materials and proposed method of distribution will be reviewed and a decision made based on the district policy and educational concerns and interests of the district.

MEETINGS

Staff meetings are scheduled for the purpose of organization and communication of business that typically cannot be handled through staff bulletins, departmental or committee structure. All staff, as designated by the building principal or supervisor, are expected to attend staff meetings unless prior arrangements have been made with the building principal or supervisor. Staff members are expected to schedule their time accordingly to not conflict with these meetings.

Meetings sponsored or called by recognized collective bargaining units during contract hours are subject to prior approval of the building principal. Attendance of staff members at such meetings is left to the discretion of each employee.

MOTHER FRIENDLY WORKPLACE

A reasonable effort will be made to provide a room or other location in close proximity to an employees’ work area, other than a restroom, where an employee can express milk in privacy.

A 30 minute, paid rest period to express milk during each 4-hour work period, or the major part of a 4-hour work period, to be taken by the employee approximately in the middle of the work period.

NAME BADGES/STAFF INFORMATION

All staff members are required to wear their identification (ID) badges daily in a visible location. If an ID badge is lost or misplaced, a temporary daily ID badge should be checked out for the day.
If an ID badge is permanently lost, a replacement should be ordered from the school office.

**PARENTAL RIGHTS/SURVEYS**

Staff are advised that parents of students may inspect any survey created by a third party before the survey is administered or distributed by the school to students. Parents may also inspect any survey administered or distributed by the district or school containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student or the student’s parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally-recognized privileged or analogous relationships such as those of lawyers, physicians or ministers;
7. Religious practices, affiliations or beliefs of the student or the student’s parents;
8. Income, other than that required by law to determine eligibility for participation in a program or for receiving financial assistance.

A student’s personal information (name, address, phone number, social security number) will not be collected, disclosed or used for the purpose of marketing or for selling that information without prior notification. A student's parents or a student 18 years of age or older will be given an opportunity to inspect any instrument used to collect such information and will be released only with permission.

Instructional materials used as part of the school’s curriculum may also be reviewed by the student’s parent(s).

Requests to review materials or to excuse students from participation in these activities, including any nonemergency, invasive physical examination or screenings administered by the school and not otherwise permitted or required by state law should be directed to the office during regular school hours.

**PARTICIPATION IN POLITICAL ACTIVITIES**

Staff members may exercise their right to participate fully in affairs of public interest on a local, county, state and national level on the same basis as any citizen in public or private employment and within the law.

Staff members may, within the limitations imposed by state and federal laws and regulations, choose any side of a particular issue and support their viewpoints as they desire by vote, discussion or persuading others. Such discussion and persuasion, however, may not be carried on during the performance of district duties, except in open discussion during classroom lessons that consider various candidates for a particular office or various sides of a particular political or civil issue
consistent with district curriculum and assigned duties.

On all controversial issues, staff members are expected to make clear that the viewpoints they represent are personal and are not to be interpreted as the district’s official viewpoint.

No staff member may use district facilities, equipment or supplies in connection with his/her campaigning, nor may he/she use any time during the working day for campaign purposes.

PERSONAL ELECTRONIC DEVICES AND SOCIAL MEDIA

Staff possession or use of personal devices on district property, in district facilities during the work day, while staff is on duty, including duty in attendance at school-sponsored activities may be permitted subject to the limitations in Board policy and consistent with any additional rules as may be established by the superintendent. At no time, whether on duty or off duty, will a personal electronic device be used in a manner that interferes with staff duty, the responsibility for the supervision of students or in a manner that violates any other district policy.

A “personal electronic device” is a device capable of electronically communicating, sending, receiving, storing, recording and/or displaying information and data.

Personal cell phones/pagers and other digital audio and video devices shall be silenced during instructional time, while on duty or at any other time where such use of the device would cause a disruption of school activities or interfere with work assignments. Cell phones which have the capability to take photographs or video shall not be used for such purposes while on district property or while a staff member is on duty in district-sponsored activities, unless as expressly authorized by the principal or designee. Laptop computers and PDAs brought to school will be restricted to classroom or instructional-related activities only. SEXUAL CONDUCT (Reporting Requirements)

Sexual conduct by district/school employees as defined by Oregon law will not be tolerated. All district employees are subject to this policy.

“Sexual conduct” as defined by Oregon law is any verbal or physical conduct by a school employee that is sexual in nature; directed toward a kindergarten through grade 12 student; unreasonably interferes with a student’s educational performance; and creates an intimidating, hostile or offensive educational environment. The definition for sexual conduct does not include behavior that would be considered child abuse as outlined by Oregon law and district Board policy JHFE and JHFE-AR – Reporting of Suspected Abuse of a Child.

Any district/school employee who has reasonable cause to believe that another district/school employee or volunteer has engaged in sexual conduct with a student must immediately notify his/her immediate supervisor.

When the district receives a report of suspected sexual conduct by a district employee, the district may decide to place the employee on paid administrative leave or in a position that does not involve direct, unsupervised contact with students while conducting an investigation. An investigation is a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the complainant, witnesses, the district employee or student who is the subject of the report. If the subject of the report is a district employee, the investigation must meet any negotiated standards of an employment contract or agreement.

If, following the investigation, the report is substantiated, the district will inform the employee that the report has been substantiated and provide information regarding the appeal process. The employee may appeal the district’s decision through the appeal process provided by the district’s collective bargaining agreement. A substantiated report is one that: a) an educational provider has reasonable cause to believe is founded based on the available evidence after conducting an investigation; and b) involves conduct that the educational provider determines is sufficiently serious to be documented in the employee’s personnel file.

If the employee decides not to appeal the determination or if the determination is sustained after an appeal, a record of the substantiated report will be placed in the employee’s personnel file. The employee will be notified that this information may be disclosed to a potential employer.

The district will post in each school building the name and contact information of the person designated to receive sexual conduct reports, as well as the procedures the superintendent will
follow up on receipt of a report. In the event that the designated person is the suspected perpetrator, the Board chair shall receive the report. When the superintendent takes action on the report, the person who initiated the report must be notified.

The initiation of a report in good faith about suspected sexual conduct may not adversely affect any terms or conditions of employment or the work environment of the complainant. If a student initiates a report of suspected sexual conduct by a district employee in good faith, the student will not be disciplined by the Board or any district employee.

The district will provide annual training to district employees, parents and students regarding the prevention and identification of sexual conduct. The district will provide to employees at the time of hire a description of conduct that may constitute sexual conduct and a description of records subject to disclosure if a sexual conduct report is substantiated.

Educational providers shall follow hiring and reporting procedures as outlined in ORS 339.370 for all district employees.

3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student’s educational performance or with an employee’s ability to perform his/her job; or creates an intimidating, offensive or hostile educational or working environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student or staff member subjected to the harassment; number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students or staff.
Principals and the superintendent have responsibility for investigations concerning sexual harassment. All complaints and reported incidents shall be investigated. The investigator shall be a neutral party having had no involvement in the complaint presented or reported incident.

The Board shall, within 20 working days conduct a hearing at which time the complainant shall be given an opportunity to present the appeal. The Board shall provide a written decision to the complainant within 10 working days following completion of the hearing.

Complaints against the principal may be filed with the superintendent. The superintendent will attempt to resolve the complaint. If the complaint remains unresolved within 10 working days of
receipt by the superintendent, the complainant may request to place the complaint on the Board agenda at the next regularly scheduled or special Board meeting.

Complaints against the superintendent may be referred to the Board chair on behalf of the Board. The Board chair shall present the complaint to the Board. If the Board decides an investigation is warranted, the Board may refer the investigation to a third party. When the investigation is complete, the results will be presented to the Board. After receiving the results of the investigation, the Board shall decide, within 20 days, in open session what action, if any, is warranted.

Direct complaints related to employment may be filed with the U.S. Department of Labor, Equal Employment Opportunity Commission or Oregon Bureau of Labor and Industries. There are four exceptions to this law: official salary, reimbursement of expenses, honoraria, and unsolicited awards for professional achievement.

This means that:
1. Staff members shall not solicit for financial remuneration from students, parents or other staff;
2. Any device, publication or any other item developed during the staff member’s paid time shall be district property;
3. Staff members shall not further personal gain through the use of confidential information gained in the course of or by reason of their position or activities in any way.

Staff members are prohibited from performing any duties related to an outside job during their regular working hours or during the additional time needed to fulfill the position’s responsibilities. District facilities, equipment or materials may not be used in performing outside work.

For more information, refer to the Guide for Public Officials found on the following website: www.oregon.gov/OGEC.

**STAFF HEALTH AND SAFETY**

In order to assure the safety of staff and students, information and/or training as necessary is provided to assist all staff to recognize and to respond appropriately to the presence of hazardous materials in the workplace, including proper handling, labeling, storage and disposal of such materials.

Safety Data Sheets (SDS), which accompany any hazardous substance used in the school setting, are maintained on file in the office and elsewhere in the building, as necessary, and readily available to any staff member who must handle such materials or who may have been exposed to
such products.

All staff members are expected to conduct their work in compliance with first-aid and infection control procedures established by the district and the following safety rules of the district:

1. All injuries shall be reported immediately to the person in charge or other responsible representative of the district;

2. It is the duty of all employees to make full use of safeguards provided for their protection. It shall be the employee’s responsibility to abide by and perform the following requirements:
   a. An employee shall not operate a machine unless guard or method of guarding is in good condition, working order, in place and operative;
   b. An employee shall stop the machine or moving parts and properly tag-out or lock-out the starting control before oiling, adjusting or repairing, except when such machine is provided with means of oiling or adjusting that will prevent possibility of hazardous contact with moving parts;
   c. An employee shall not remove guards or render methods of guarding inoperative except for the purpose of adjustment, oiling, repair or setting up a new job;
   d. Employees shall report to their supervisor any guard or method of guarding that is not properly adjusted or not accomplishing its intended function;
   e. Employees shall not use their hands or any portion of their bodies to reach between moving parts or to remove jams, hang-ups, etc. (Use hook, stick, tong, jig or other accessory.);
   f. Employees shall not work under objects being supported that could accidentally fall (such as loads supported by jacks, the raised body of a dump truck, etc.) until such objects are properly blocked or shored;
   g. Employees shall not use defective tools or equipment. No tool or piece of equipment should be used for any purpose for which it is not suited and none should be abused by straining beyond its safe working load.

3. Employees shall not remove, deface or destroy any warning, danger sign or barricade or interfere with any other form of accident prevention device or practice provided which they are using or which is being used by any other worker;

4. Employees must not work underneath or over others thereby exposing them to a hazard without first notifying the other employee(s) or seeing that proper safeguards or precautions have been taken;

5. Employees shall not work in unprotected, exposed or hazardous areas under floor openings;

6. Long or unwieldy articles shall not be carried or moved unless adequate means of guarding or guiding are provided to prevent injury;

7. Hazardous or unsafe conditions or practices observed at any time shall be reported as soon as practicable to the person in charge or some other responsible representative of the employer;

8. Employees observed working in a manner which might cause immediate injury to either themselves or other workers shall be warned of the danger;

9. Before leaving a job, workers shall correct, or arrange to give warning of, any condition which might result in injury to others unfamiliar with existing conditions;

10. Good housekeeping methods shall be observed in all operations. Materials shall be so handled and stored as to minimize falling, tripping or collision hazards;

11. Working and storage areas and passageways shall be kept free of unnecessary obstructions. No loose object shall be placed in any area where its presence will
necessitate employees crowding between such objects as moving machinery, steam pipes or other objects with which contact would be dangerous;
12. Any materials which might cause an employee to slip or fall shall be removed from floors and other treading surfaces immediately or suitable means or methods shall be used to control the hazardous condition;
13. All sharp, pointed or otherwise hazardous projections in work areas shall be removed or rendered harmless.

STAFF/PARENT RELATIONS
The Board encourages parents to be involved in their student’s school affairs and, unless otherwise ordered by the courts, an order of sole custody on the part of one parent shall not deprive the other parent of the following authority as it relates to:

1. Receiving and inspecting school records and consulting with school staff concerning the student’s welfare and education, to the same extent as provided the parent having sole custody;

2. Authorizing emergency medical, dental, psychological, psychiatric or other health care for the student if the custodial parent is, for practical reasons, unavailable.

It is the responsibility of the parent with sole custody to provide any court order that curtails the rights of the noncustodial parent at the time of enrollment or any other time a court order is issued. A parent with sole custody shall be requested to provide the district with written instructions regarding particular rights or privileges granted to the noncustodial parent.

Noncustodial parents will not be granted visitation or telephone access to the student during the school day. The student will not be released to the noncustodial parent without written permission of the parent with sole custody.

In the case of joint custody, the district will adhere to all conditions specified and ordered by the court. The district may request in writing any special requests or clarifications in areas concerning the student and the district’s relationship and responsibilities.

STAFF ROOM

A staff room is provided for staff use during break, lunch and preparation periods, as may be appropriate. All staff are expected to “pitch in,” as needed, to help keep this gathering area clean and orderly.

Personal items of value should not be left in the staff room. Staff members leaving such items in the staff room do so at their own risk. The district will not be liable for loss or damage to personal items brought to district property and district-sponsored activities.

Students are not permitted in the staff room without supervision and only at appropriate times.
SUPERVISION OF STUDENTS

Staff members are responsible for the supervision of all students while in school or engaged in school-sponsored activities. Refer to Board Policy JHFA, Supervision of Students.

All teachers are expected to be in their classrooms prior to the arrival of students.

Under no circumstances are classrooms or other areas where students are under the supervision of assigned staff to be left unattended while students are present. Teachers who may need to temporarily leave the classroom or their assigned duties in an emergency situation while students are present are expected to contact the office to arrange for temporary coverage.

No other staff member may leave his/her assigned group unsupervised except as appropriate supervision arrangements have been made to take care of an emergency.

TEACHING ABOUT RELIGION

Teachers shall be permitted to teach or present students information concerning religions and religious beliefs, but teachers shall not promote or inhibit, openly or covertly or by subtlety, a particular religion, religious belief or nonreligious belief.

Students and staff members may be excused from participating in programs or activities which are contrary to their religious beliefs without penalty.

TELEPHONES

Telephones are available throughout the building for staff convenience. Local personal telephone calls made during working hours from district telephones should be brief, infrequent and placed before or after school, during breaks, lunch or at other times when staff is not responsible for supervising students. Staff possession or use of personal communication devices on district property, in district facilities during the work day and while the staff is on duty in attendance at district-sponsored activities may be permitted subject to the limitations set forth in policy and consistent with any additional school rules as may be established by the superintendent. At no time will a personal communication device be used in a manner that interferes with staff duty and responsibility for the supervision of students.

Staff members who wish to send or receive an occasional personal fax must pay the same rate as charged to the general public, as established by the District Office.

TUTORING

No private tutoring for which a staff member receives a fee is permitted in district schools on school time. It is the policy of the Board that teachers are not to tutor for remuneration any students whom they have in class. No private tutoring for which a teacher receives a fee will be allowed in a school building or on school time, and no district-owned materials or equipment may be used. Refer to Board Policy GCQAB, Tutoring for Pay.
UNMANNED AIRCRAFT SYSTEM (UAS) a.k.a. DRONE

An “unmanned aircraft system” (UAS) means an unmanned flying machine, commonly known as a drone, and its associated elements, including communication links and the components that control the machine.

Any employee or representative of the district operating a district unmanned aircraft system shall do so in accordance with Board policy and all applicable Federal Aviation Administration (FAA) and Oregon Department of Aviation regulations.

A UAS operated at Oregon School Activities Association (OSAA) sanctioned events will do so in accordance with OSAA policies. Use of a UAS at other public charter school-sponsored athletics or activities are prohibited.

District staff teaching a class that allows use of a UAS may assist a student in their operation of the UAS, provided the assistance is needed as part of the curriculum and assistance is to a student enrolled in the course. The staff member’s participation must be limited to the student’s operation of the UAS. District employees will work with administrators to ensure that proper insurance, registration and authorization are in place prior to adoption of curriculum that allows operation of a UAS as part of the curriculum.

USE OF PRIVATE VEHICLES FOR DISTRICT BUSINESS

The use of private vehicles for district business, including the transportation of students, is generally discouraged. Staff members should use district-owned vehicles whenever possible, scheduling activities and other transportation far enough in advance to avoid any nonemergency use of private vehicles. No staff member may use a private vehicle for district business without prior authorization. Refer to Board Policy EEAE, Student Transportation in Private Vehicles, and administrative regulations. When using any vehicle while on district business, staff shall use seat belts. Failure to do so is grounds for dismissal.

VACANCIES/TRANSFERS

Announced vacancies for licensed and classified positions are posted in the staff room at least five working days prior to closing the application period. Copies of the posting are mailed to associations/presidents during the summer break.

Voluntary and involuntary transfer of staff members may be authorized by the superintendent based on district personnel needs and in accordance with district procedures and collective bargaining agreements. Refer to Board Policies GCCA, Posting of Licensed Staff Vacancies, GDCA, Posting of Vacancies, and application collective bargaining agreements.

VOLUNTEERS

The district encourages the constructive participation of groups and individuals in the school to
perform appropriate tasks during and after school hours under the direction and supervision of staff. Every effort should be made to use volunteer resources in a manner that will ensure maximum contribution to the welfare and educational growth of students. Staff members interested in securing the services of a volunteer or with names of individuals expressing an interest in volunteering should contact the office.

Any volunteer that will have direct, unsupervised contact with students, as determined by the district, shall undergo an Oregon criminal records check.

The use of volunteers requires prior building principal approval. Forms are available in the office. Volunteers should sign in/out at the office (or with coaches) in order to record volunteer hours for ODE reporting, as well as to ensure safety for our students. Volunteers must complete a District Volunteer Application and Criminal History Verification form annually.

Refer to Board Policies IIBB, Volunteers; GCDA/GDDA, Criminal Records Checks/Fingerprinting, and administrative regulations.

WEAPONS

In accordance with Oregon law, any employee who has reasonable cause to believe a student or other person has, within the previous 120 days, unlawfully been in possession of a firearm or destructive device as defined by the district’s weapons policy, shall immediately report such violation to an administrator, his/her designee or law enforcement. Employees who report directly to law enforcement shall also immediately inform an administrator.

Administrators shall promptly notify the appropriate law enforcement agency of staff reports received and at any other time there is reasonable cause to believe violations have occurred or that a student has been expelled for bringing, possessing, concealing or using a dangerous or deadly weapon, firearm or destructive device. Parents will be notified of all conduct by their student that violates the district’s weapons policy.

Employees shall promptly report all other conduct prohibited by the district’s weapons policy to an administrator. Refer to Board Policy JFCJ, Weapons in the Schools.

WELLNESS

It will be encouraged that foods offered in classrooms or school-sponsored activities and food and beverages sold as part of approved school fund-raising events shall be nutritious foods as determined by the district’s nutrition committee.

Refer to Board Policy EFA-AR, Local Wellness Program.

WHISTLEBLOWER

When an employee has good faith and reasonable belief the employer has violated any federal, state or local, law, rule or regulation; has engaged in mismanagement, gross waste of funds or
abuse of authority; or created a substantial and specific danger to public health and safety by its actions, and an employee then discloses or plans to disclose such information, it is an unlawful employment practice for an employer to:

1. Discharge, demote, transfer, reassign or take disciplinary action against an employee or threaten any of the previous actions.
2. Withhold work or suspend an employee.
3. Discriminate or retaliate against an employee with regard to promotion, compensation or other terms, conditions or privileges of employment.
4. Direct an employee or to discourage an employee to not disclose or to give notice to the employer prior to making any disclosure.
5. Prohibit an employee from discussing, either specifically or generally, the activities of the state or any agency of or political subdivision in the state, or any person authorized to act on behalf of the state or any agency of or political subdivision in the state, with:
   a. Any member of the Legislative assembly;
   b. Any Legislative committee staff acting under the direction of any member of the Legislative assembly; or
   c. Any member of the elected governing body of a political subdivision in the state or any elected auditor of a city, county or metropolitan service district.

An employee’s good faith and reasonable belief shall serve as an affirmative defense to civil or criminal charges related to the employee’s disclosure of lawfully accessed information related to the violation, including information that is exempt from disclosure by public records law.

The district will use the complaint process in administrative regulation KL-AR - Public Complaints Procedure to address any alleged violations of this policy.

**STUDENT OPERATIONAL PROCEDURES**

**ANIMAL DISSECTION**

District students in grades K through 12 may refuse to dissect any vertebrate or invertebrate animal. In addition, the student’s parents may refuse to allow the student to dissect the animal.

The district shall allow the student to participate in an alternative dissection exercise to demonstrate competency in the coursework. This exercise may include videos, DVDs, CD-Roms, films, computer programs, models, books, clay modeling or transparencies.

A teacher may not discriminate against or lower the grade of a student for not participating in the dissection exercise.

The district shall notify students who have dissection as part of their coursework and the parents of those students about the provisions of this policy.

Refer to Board Policy INI, Animal Dissection and ORS 332.107.
ASSEMBLIES

Students may be required to attend assemblies. Those who refuse are to be referred to the office.

All staff are assigned to specific supervision duties during assemblies and are expected to be in their assigned areas.

Students may be removed from an assembly as deemed necessary by the staff member. Generally, all students should be dealt with directly and/or referred to the office in accordance with established building discipline procedures.

ASSIGNMENT OF STUDENTS TO CLASSES

The assignment of students and classes to teachers is the responsibility of the building principal. Parents have the right to discuss student class assignments with counselors and the building principal.

Any request to change a student’s assignment to a particular class by a student, parent, or teacher should be referred to the building principal at the grade school, and counselors at the junior and senior high schools. Teachers with questions regarding a student’s placement should contact the office.

CHAPERONES

Teachers may allow volunteers to help chaperone school events provided that teachers train and supervise all chaperones. Chaperones are required to adhere to volunteer policies and administrative regulations. Refer to Board Policies JHFA, Supervision; IIBB, Volunteers; and GCDA/GDDA, Criminal Records Checks/Fingerprinting.

CLASS INTERRUPTIONS

The district is committed to protecting instructional time. Class interruptions of any kind will be kept to a minimum. Students are not to be permitted to interrupt a class in session without authorization from the office. Intercom use is restricted to administrative use or administrative approved use only.

COMPUTERS AND TECHNOLOGY

All Mobile Computing Devices, whether district owned or personally owned, shall be governed by the District Computer Use Policy. This policy applies to staff, guests, student-teachers and students. The following sections are additional rules designed to cover the unique concerns that mobile devices create.

District Owned

1. When a District-owned device is taken off-campus, keep in mind that the device is district property and must be treated as such. Personal business should not be conducted with the
device; personal use is limited to such uses as deemed permissible under the Oregon Government Standards and Practices Commission (GSPC) guidance as noted previously.

2. When finished with the device, return it in a timely manner, and in similar or better condition than it was received.

3. Do NOT install any programs on the laptop. If you need a program installed, ask the Technology Department to install it for you.

Staff Owned

1. Staff members who choose to bring in their laptops must register the laptop with the Technology Department; however, the Technology staff is not responsible for staff-owned devices and will NOT troubleshoot problems with personal devices.

2. At a minimum, the device should have a brand name anti-virus software package installed and be up-to-date with the latest virus signatures (Norton, Symantec, MacAfee).

3. The device should also have the latest security patches; this applies to all devices including PC’s, Mac’s and Linux devices.

Guest and Student-Teacher Owned

1. Guests and student-teachers who choose to bring in their laptops must register the laptop with the Technology Department; however, the Technology staff is not responsible for these devices and will NOT troubleshoot problems with personal devices.

2. At a minimum, the device should have a brand name anti-virus software package installed and be up-to-date with the latest virus signatures (Norton, Symantec, MacAfee).

3. The device should also have the latest security patches; this applies to all devices including PC’s, Mac’s and Linux devices.

Student Owned

1. Students utilizing personal Mobile Computing Devices are responsible for registering the device with the Technology Coordinator to ensure that safeguards are in place.

2. All staff members are encouraged to remind students to register with the Technology Coordinator when they see students utilizing such devices.

Students are not to install games or programs on school computers, and may only play instructionally oriented games approved by the teacher. Every student, grades 6-12, must read and sign the district Acceptable Use Policy (AUP) prior to using the Internet. Refer to Board Policy IIBGA, Use of District Electronic Communications Policy and administrative regulation. Students will be assigned user names that will be used on each sign-in. Students may only access their own files, not another student’s or a teacher’s.

CONTESTS FOR STUDENTS

The district cooperates with individuals, community organizations and agencies desiring to sponsor contests for students, when such activities can be integrated into the school program without disruption or loss of instructional time for the student and without imposing an unreasonable added workload on staff. All such contests must be consistent with the purposes and educational aims of the district.

Teachers sponsoring such activities are responsible for the preparation and circulation of all informational materials and for other administrative work required in the grading, judging or evaluation of the participant’s work. The school may not be used to promote private or commercial interests. Nor may the school be used for the direct sales promotion of individual competitive
goods or services.

Materials or activities initiated by private sources are to be referred to the building principal for approval and will be judged on grounds of their direct contribution to educational values, factual accuracy and good taste. Refer to Board Policies IGDH, Contests for Students, and KI, Public Solicitation in District Facilities.

CORPORAL PUNISHMENT

The use of corporal punishment in any form is strictly prohibited by the district and will be considered cause for discipline up to and including dismissal. Corporal punishment is defined as the willful infliction of, or willfully causing the infliction of, physical pain. Refer to Board Policy JGA.

A staff member is authorized to employ physical force when, in his/her professional judgment, the physical force is necessary to prevent a student from harming himself/herself, others or doing harm to district property.

Corporal punishment does not include physical pain or discomfort resulting from or caused by:
1. Training for or participation in athletic competition voluntarily engaged in by a student;
2. Recreational activity voluntarily engaged in by a student;
3. Physical exertion shared by all students in a teacher-directed class activity, which may include, but is not limited to, physical education exercises, field trips or vocational education projects;
4. Physical restraint or the use of aversive techniques as a part of a behavior management program in a student’s individualized education program which has been signed by the parents and is carried out according to district procedures.

DISMISSAL OF CLASSES

Teachers should never dismiss a class before the established dismissal time. Detaining the entire class after dismissal time is also discouraged. Whenever individual students are detained after class, the teacher is expected to provide the student a note for the student’s next class teacher. This will help reduce unnecessary hall traffic as students reporting to class late will need to account for their tardiness.

DRUG, ALCOHOL AND TOBACCO PREVENTION, HEALTH EDUCATION

Students have a right to attend school in an environment conducive to learning. The district will not tolerate the possession, sale or use of unlawful and harmful drugs (illicit drugs, nontherapeutic use of prescribed drugs, misuse of solvents and other dangerous substances and drug paraphernalia), alcohol or tobacco in the schools, on district property, on a school bus or while participating in any school-sponsored activity, whether on district property or at sites off district property.

An age-appropriate drug, alcohol and tobacco prevention curriculum is provided for all students.
in grades K-12 as a part of the health education curriculum. For students in grades 9-12 not enrolled in health education classes, a program of activities which meets the requirements of the drug, alcohol and tobacco prevention rule has been developed. At least annually, senior high school students will receive age-appropriate instruction.

Each year the superintendent, in cooperation with building principals, shall provide information including drug, alcohol and tobacco information and an explanation of district drug, alcohol and tobacco polices, procedures and programs. The input of staff in planning and implementing the district’s staff development and public information program is encouraged to ensure a drug, alcohol and tobacco program that best meets the needs of district students.

**EMERGENCY DRILLS**

All teachers are required to provide instruction on fire, earthquake, safety threats and drills in accordance with the requirements of law.

At least one fire drill will be conducted each month for grades K-12. At least one fire drill will be conducted within the first 10 days of school year. At least two drills on earthquakes and two drills for safety threats will be conducted each year. Intruder/lockdown drills will be practiced periodically during the school year.

A map/diagram of the fire escape route to be followed should be posted near the classroom doorways and reviewed with students.

The goal for every drill is 100% safety for every child and adult on campus. Train all students to obey teacher commands without question during drills. Train yourself to know procedures and to think ahead.

Every classroom should practice their routine sufficiently until they become proficient. Teachers are encouraged to impress upon their pupils that this is a safety measure and must be adhered to diligently. In case there is a bell failure, fire alarms may have to be given vocally. Train students to evacuate without adult assistance.

Red folders are required for each classroom. Hang (near emergency exit) an Emergency Clipboard that holds critical information and take it with you when evacuating the building (if possible). Emergency information includes class list, reading groups, schedules, red/green class cards and **Dayton School District’s Standard Response Protocol.** Please remember it is the teacher’s responsibility to update their folders regularly. A bell will ring as the return signal. All children are to return to the building, single file, not talking and wipe feet on mats or grating. **Again, please enforce the no talking rule as students return to the classroom.**

All staff members must respond to drills when sounded. A district “Crisis Management Plan” booklet is to be posted in every classroom and office. Refer to Board Policy EBCB, Emergency Drills.

The Standard Response Protocol (SRP) is a classroom response to emergency events that may occur at school. Please keep this information with you during any drill or crisis.

FEATURE FILMS/VIDEOS

Building principal approval is required prior to showing a feature film/video to students in district classrooms. Only films/videos rated G, PG, PG-13 or Not Rated may be authorized for classroom use. Refer to Board Policy IIABB, Use of Feature Films/Videos.

Requests are to be submitted to the building principal at least five days prior to the proposed showing. Forms are available in the office.

The following information should be included:

1. Title and brief description;
2. Match with course objectives;
3. Proposed date of showing;
4. When and how parents will be notified, or if necessary grant consent;
5. Audience rating (e.g., G, PG, PG-13).

The showing of all feature films/videos with a G rating requires prior parent notification from the staff member. Feature films/videos with a PG or PG-13 rating must have prior parental consent.

Parents should be provided the opportunity to preview a feature film/video, whenever possible.

FIELD TRIPS AND SPECIAL EVENTS

Field trips and other student activities involving travel may be authorized by the building principal when such trips or activities contribute to the achievement of desirable educational goals.

Requests should be submitted to the building principal well in advance of the proposed activity. All such requests will be considered based on such factors as availability of funds, the educational value derived, the safety and welfare of the students involved, impact on the regular school program and availability of appropriate supervision, either from within school staff or from volunteers.

Staff members should contact the office for appropriate substitute and vehicle arrangements and related field trip procedures and forms.

Any out-of-state or overnight travel must be approved by the Board.

FLAG SALUTE

Students will be provided an opportunity to salute the United States flag at least once a week by reciting The Pledge of Allegiance. Individual staff members and students who do not participate in the salute must maintain a respectful silence during the salute.

Each classroom is required to display a United States flag of an appropriate size.
GRADING

The evaluation of student progress is a primary responsibility of all teachers. The highest possible level of student achievement is a common goal of both the district and parents. As a close working relationship between the district and parents is essential to the accomplishment of this goal, regular communications with parents is essential.

Teachers are expected to report, at least annually, a student's progress toward achieving academic content standards to the student and their parents. Parents will receive reports on their student's absences.

Teachers should use a variety of communication devices, including phone and personal conferences, as well as written grade reports to keep parents well informed. At the beginning of the grading period, students and parents are to be informed regarding the basis of the grades and the methods to be used in determining grades. See appropriate grade level staff handbooks. Refer to Board Policy IKAD.

Special education students are to receive grades based on progress toward goals if so stated in the student’s individualized education program (IEP).

HOMEWORK

Teachers at all grade levels are encouraged to consistently assign homework, which is expected to increase in complexity with the maturity or grade level of the student. Refer to Board Policy IKB, Homework.

Homework may refer to an assignment prepared during a period of supervised study in class or outside of class or which requires individual work in the home.

Homework is expected to be designed to improve learning, to aid in the mastery of skills and to stimulate interest on the part of the student.

The information for any homework assignment should be clear and specific so that the student can complete the assignment. Homework should not require the use of reference materials not readily available in most homes, school libraries or the public library. Homework should require the use of those materials only when the student has had instruction in such use.

HUMAN SEXUALITY, HIV/AIDS, SEXUALLY-TRANSMITTED DISEASES, HEALTH EDUCATION

Human sexuality, HIV/AIDS* and sexually-transmitted disease prevention curriculum has been cooperatively developed and aligned with the Oregon Health Education Standards and Benchmarks, by parents, teachers, administration, local health department staff and others as an integral part of health education and other subjects. The HIV/AIDS and sexually transmitted infections and disease prevention education and the human sexuality education comprehensive
plan shall provide adequate instruction at least annually, for all students in grades 6 through 8 and at least twice during grades 9 through 12.

Teachers are expected to notify parents of minor students in advance that the material regarding any human sexuality or HIV/AIDS/HBV will be taught. Any parent may request his/her student be excused from that portion of the instructional program.

A part of the comprehensive plan of instruction shall provide age-appropriate child sexual abuse prevention instruction for students in kindergarten through grade 12.

* HIV - Human Immunodeficiency Virus; AIDS - Acquired Immune Deficiency Syndrome; HBV - Hepatitis B Virus

MAKE-UP WORK

A student who has an excused absence from class is to be permitted to make up those assignments that he/she has missed. The student is expected to make arrangements with the teacher on his/her first day back in class for the work missed due to absence. Any student truant from school will be permitted to make up missed work at the discretion of the teacher.

A student suspended from school is to be permitted, as provided by Oregon Administrative Rule, to make up school work upon his/her return from the suspension if the work reflects achievement over a greater period of time than the length of the suspension. For example, the student is allowed to make up final, midterm and unit examinations, without an academic penalty. Students may not, however, be allowed to make up daily assignments, laboratory experiments, class discussions or presentations missed while under suspension.

MEDIA ACCESS TO STUDENTS

The media may interview and photograph students involved in instructional programs and school activities including athletic events. Such media access may not be unduly disruptive and must comply with Board policies and district goals.

Media representatives are required to report to the building principal for prior approval before accessing students involved in instructional programs and activities not attended by the general public.

Information obtained by media representatives directly from students does not require parental approval prior to publication by the media. Parents who do not want their student interviewed or photographed by the media may direct their student accordingly.

Staff may release student information to the media only in accordance with applicable provisions of the education records law and Board policies governing directory information and personally identifiable information.
MEDICATIONS

Students may be permitted to take medication at school, at school-sponsored activities, while under the supervision of school personnel and in transit to or from school or school-sponsored activities.

Training will be provided by a qualified trainer to designated personnel authorized to administer medications to students within individual school buildings and while participating at school-sponsored activities, while under the supervision of school personnel, or while in transit to or from school or school-sponsored activities.

Training will provide an overview of applicable provisions of Oregon law, administrative rules, district policy and administrative regulations and include, but not be limited to, safe storage, handling, monitoring medication supplies, disposing of medications, record keeping, and reporting of medication administration, reporting of errors in administration, emergency medical response for life-threatening side effects and allergic reactions, and student confidentiality.

Students in grades K-12 may be permitted to administer medication to themselves without assistance from designated personnel in accordance with the following procedures:

1. A permission form from a parent or guardian (unless the student is allowed to seek medical care without parental consent pursuant to ORS 109.610, 109.640 or 109.675) and written instructions have been submitted for all medication. In the case of prescription medications, instruction from the prescriber or other Oregon licensed health care provider is also required and shall include information that the student has been instructed in the proper use of the prescribed medication. Such permission may be indicated on the prescription label. Permission from a building administrator and a prescriber or registered nurse practicing in the school setting is also required for all self-administration of medication requests;
2. Students who are developmentally and/or behaviorally unable to self-medicate will be provided assistance by designated personnel. A permission form and written instructions will be required as provided above;
3. All medication must be kept in its appropriately labeled, original container, as follows:
   a. Prescription labels must specify the name of the student, name of the medication, method of administration, dosage, frequency of administration and any other special instruction;
   b. Nonprescription medication must have the student’s name affixed to the original container.
4. The student may have in his/her possession only the amount of medication needed for that school day except for manufactory’s packaging that contains multiple dosage. The student may carry one package;
5. Sharing and/or borrowing of any medication with another student is strictly prohibited.

Permission to self-medicate may be revoked by the principal if there are any abuses of these procedures.
All other students will be administered medication only by designated personnel after receipt of required parent permission forms and written instructions.

A process shall be established by which, upon parent written request, a backup prescribed autoinjectable epinephrine be kept at a reasonable, secured location in the student’s classroom. A premeasured dose of epinephrine may be administered by trained, designated personnel to any student or other individual on school premises who the designated personnel believe, in good faith, is experiencing a severe allergic reaction, regardless of whether the student or individual has a prescription for epinephrine.

An individualized health care plan will be developed for every student with a known life-threatening allergy and for every student for whom the district has been given proper notice of a diagnoses of adrenal insufficiency.

MOVING CLASS/HOLDING CLASSES OUTDOORS

From time to time, teachers may find it necessary to temporarily move a class from their scheduled room or teaching area. Teachers are responsible for ensuring that both the office and students are informed of the change.

As holding classes outdoors often presents a distraction to students in the class as well as to staff and students in other classrooms, teachers are expected to conduct their classes in their scheduled rooms unless otherwise assigned by the building principal.

From time to time, certain class assignments may be more appropriately conducted outdoors. Prior building principal approval is required for all such activities.

NON-SCHOOL-SPONSORED STUDY AND ATHLETIC TOURS/TRIPS/COMPETITIONS

The district does not sponsor, endorse or financially contribute to the variety of outside-sponsored study and athletic tours/trips/competitions available to students.

Staff members are prohibited from using their contact with students to advertise or recruit for summer or other holiday travel activities not sponsored by the district which involve their supervision of students. Staff may not advise parents regarding selection of such trips or tours for their students.

The counseling center may contain pamphlets which will assist parents who have questions about selection of such activities.

PROGRAM EXEMPTIONS

Students may be excused from a state-required program or learning activity for reasons of religion, disability or other reasons deemed appropriate by the district, upon the written request of the parent.

An alternative program of credit may be provided. Teachers are expected to work cooperatively
with students, parents, counselors and other district staff in the development of such alternative learning activities, as needed.

**RELEASE TIME FOR RELIGIOUS INSTRUCTION**

Students may be excused from school for religious instruction, not to exceed two hours for grades 1-8 and five hours for grades 9-12 in any school week. Teachers will be notified by the office of any students in their class so excused.

Any student unable to attend classes on a particular day due to religious beliefs is to be excused from attendance requirements for that day.

No such absences shall be counted against a student in determining failure or reduction of grades. Any tests and assignments a student misses because of such absences are to be given to the student upon his/her return to school or at such other times as may be deemed appropriate by the teacher.

**RESTRAINT AND SECLUSION**

The use of physical restraint and/or seclusion is permitted only as a part of a behavior support plan when other less restrictive interventions would not be effective and the student’s behavior poses a threat of imminent, serious physical harm to self or others.

Except in the case of an emergency, only staff current in the required training in accordance with the district-designated physical restraint and seclusion training program will implement physical restraint or seclusion with a student. In an emergency, physical restraint and/or seclusion may also be used by a school administrator, teacher or other school employee when the student’s behavior poses a reasonable threat of imminent, serious bodily injury to the student or to others. The use of physical restraint and seclusion under these circumstances is only allowed so long as the students’ behavior poses a threat of imminent, serious physical harm to themselves, or to others. Any student being restrained or secluded within the district whether an emergency or as part of a plan shall be constantly monitored by staff for the duration of the intervention. Any room used for seclusion of a student must meet the standards as outlined in OAR 581-021-0568.

**RESUSCITATION DECISIONS/LIFE-SUSTAINING EMERGENCY CARE**

No staff member may comply with any directive from parents or others, written or verbal, that life-sustaining emergency care be withheld from a student in need of such care while under the control and supervision of district staff.

Life-sustaining emergency care means any procedure or intervention applied by appropriately trained district staff that may prevent a student from dying who, without such procedure or intervention, faces a risk of imminent death. Examples of life-sustaining emergency care may include: efforts to stop bleeding, unblocking airways, mouth-to-mouth resuscitation and cardiopulmonary resuscitation (CPR).

In a life-threatening situation, staff members are expected to dial 911 for paramedic assistance and
provide life-sustaining emergency care to any student requiring it in order to sustain life until relieved by paramedics or other appropriate medical personnel.

RETENTION OF STUDENTS

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the students involved.

Parental decisions are final, but when the parents’ decision is not in agreement with the school’s recommendation, parents must sign a “release from responsibility” form to be placed in the student’s file.

SENIOR TRIPS

The district recognizes senior trips as an extension of the school experience. District-sponsored senior trips may be authorized.

In-state senior trips require approval by the building principal. Requests for out-of-state or foreign travel shall be submitted to the Board for approval.

Private groups and organizations may be permitted to use district facilities and equipment during noninstructional time to promote senior trips on the same basis as facilities and equipment are provided to others.

STUDENT ACTIVITY FUNDS

All moneys raised or collected by and/or for school-approved student groups are to be receipted and deposited into a checking account administered by the school office. All student activity fund expenditures must be approved by the building principal and person in charge of the student activities program, in accordance with district policies and procedures. All activity accounts will be audited annually.

Funds derived from the student body, authorized clubs, and organizations shall be expended to benefit the specific group, to the extent possible.

STUDENT CONDUCT

All students are to comply with district policies and administrative regulations, written building and classroom rules, pursue the prescribed course of study, submit to the lawful authority of teachers and school officials and conduct themselves in an orderly manner at school during the school day and during school-sponsored activities.

In addition to adopted Board policies governing student conduct, administrative regulations, and school rules specifying student conduct expectations have been established. These regulations and rules apply to actions which occur on district property; at any district-sponsored activity regardless
of location; or when traveling to or from school or district-sponsored activities on transportation provided or approved by the district; at the bus stop; or whenever such conduct causes a substantial and material disruption of the educational environment or the invasion of rights of others.

A student handbook, code of conduct or other document shall be developed and distributed to parents, students and employees. Each school shall publish any additional rules specific to the school and distribute it to students and parents.

Disregard of these rules constitutes grounds for suspension, expulsion or other reasonable disciplinary action.

Student conduct rules unique to individual classrooms may also be developed by teachers. All such rules must be consistent with district policy, administrative regulations, and school rules governing student conduct and discipline. Classroom rules and consequences are to be reviewed with students, posted in classrooms and made available to parents.

**STUDENT DETENTION**

Teachers may detain a student after school hours for disciplinary reasons provided the parent has been notified of the detention and, in the case of bus students, prior arrangements have been made for the student’s transportation home.

Students who are detained after school are not to be left unsupervised during their detention.

**STUDENT DISCIPLINE**

Student discipline, whether in the classroom, building, district grounds or at district-sponsored activities regardless of location, is the responsibility of all staff. Student conduct infractions have been divided into two categories, severe violations and minor violations. These are listed in the Student/Parent Handbook. Student discipline will offer corrective counseling and sanctions that are age appropriate, and to the extent possible, are shown through research to be effective.

Each student who is being provided educational services through an Individualized Education Program (IEP) is subject to district discipline regulations unless, as provided by law, specific behavioral concerns are addressed as part of the student’s IEP. Teachers are expected to work cooperatively with special education staff to resolve any concerns regarding the conduct and discipline of a student with disabilities.

**STUDENT DISMISSAL PRECAUTIONS**

No teacher may permit any student to leave class/school prior to the regular hour of dismissal except as may be authorized by the office.

During school hours, or while engaged in district-sponsored activities, students may be released only into the custody of parents or other authorized persons.
STUDENT/PARENT HANDBOOK

A student/parent handbook is posted on the District website, and if requested, a hard copy will be provided to students at the beginning of each new school year and at the time of registration for new students moving into the district at other times of the year.

All staff are expected to familiarize themselves with the general information, administrative regulations and procedures pertaining to students as set forth in the student/parent handbook and in Board policy.

STUDENT PERFORMANCES

Teachers are encouraged to arrange for individual student and group public performances when such performances contribute to the educational process and are consistent with district and course goals.

All performances involving students must be approved by the building principal and may not interfere with other scheduled activities or classes within the school.

The extended use of one particular group of students is generally discouraged. Teachers are expected to enforce all student conduct and discipline rules when engaged in such activities.

STUDENT TRANSPORTATION IN PRIVATE VEHICLES

Transportation of students to and from school and to curricular and extracurricular activities sponsored by the district is provided by the district’s transportation system in accordance with district policy.

Parents, employees and other designated adults may be permitted to use private vehicles to transport students other than their own on field trips or other school activities if the following conditions have been met prior to the activity.

1. The school administrator has approved the activity;
2. A permission slip signed by the student’s parent(s) has been received by the principal or his/her designee, granting permission for the student to participate in the field trip/activity and to ride in a privately-owned vehicle;
3. The parent, employee or other adult driving the vehicle is properly licensed to drive and has provided proof of insurance. Such insurance shall meet or exceed minimum requirements as established by the state of Oregon and as set by the District.
4. The vehicle contains an adequate number of seat restraints and the adult driver requires their proper use.

Seatbelt/Child Restraint Laws – The following are general descriptions of Oregon’s safety belt and child restraint laws. Specific wording of statutory requirements can be found at ORS 811.210 – 811.225.

Adult Belt Law: Oregon law requires that all motor vehicle operators and passengers be properly secured with a safety belt or safety harness, unless all safety-belt equipped seating positions are occupied by other persons. This applies to passenger cars, pick up trucks,
motor homes, and fee-based people transport carrying fifteen or fewer persons. Limited exemptions are allowed under ORS 811.215. Vehicle owners are required to maintain belt systems in working order.

Child Restraint Law: Child passengers must be restrained in approved child safety seats until they weigh forty pounds. Infants must ride rear-facing until they reach both one year of age AND twenty pounds.

Booster Seat Law: Children over forty pounds must use boosters to 4’9” tall regardless of age.

Parents/Guardian(s) may give permission for their student(s) to be transported in a private vehicle from an event with another adult (licensed driver 21 years or older) under the following conditions:

1. The parent/guardian must sign a permission slip/liability waiver and submit it to the school office allowing reasonable time to process the request prior to the event.
2. The school office will verify the request with the parent/guardian, and the school administrator will notify the coach or advisor that approval has been granted.
3. The adult transporting the student(s) must sign out the student with the coach/advisor when taking the student from the event.
4. This exception cannot supersede a coach/advisor’s transportation requirement for participants.
5. Under this waiver provision, the District will not investigate the driving record or proof of insurance for individuals transporting students. The parents are requesting this waiver of liability at their own risk.

Permission slip and liability waiver forms are available in all school offices.

Refer to Board Policy EEAE, Student Transportation in Private Vehicles.

**STUDENT WITHDRAWAL FROM SCHOOL**

Upon notification by the office of a student withdrawal from school, teachers are expected to complete the student withdrawal form, including grade earned to date.

Teachers are expected to make a complete accounting of any unreturned or damaged books, locks, materials, supplies, equipment or other district property including replacement costs, if known. Submit the list to the office. In accordance with the law and with Board policy, restrictions and/or penalties may be imposed until such fees, fines or charges are paid.

Additionally, the district may notify the Oregon Department of Transportation of the withdrawal of a student who is at least 15 years of age and under 18 years of age. In certain circumstances, driving privileges may be denied or revoked.

**VISITORS**

Students are not permitted to bring visitors to school without prior approval of the building principal.

Staff members are expected to report any unauthorized person on school property to the office.
SPECIAL PROGRAMS

ALTERNATIVE EDUCATION PROGRAMS

Alternative education programs have been developed and identified to meet the individual needs of students. These programs are made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; who have not met or who have exceeded all of Oregon’s academic content standards; when the district determines that the placement serves the student’s educational needs and interests and assists the student in achieving district and state academic standards; or when a public or private alternative education program is not otherwise readily available or accessible. The involvement of staff, parents and the community in recommending alternative education programs for Board approval is encouraged.

Alternative education programs consist of instruction or instruction combined with counseling and may be public or private. Home schooling is not a permissible alternative education option.

The district is obligated to pay the actual private alternative education program cost or an amount equal to 80 percent of the district’s estimated current year’s average per-student net operating expenditure, whichever is less.

If a student is not successful in the alternative education program, there is no obligation to propose or fund a second alternative.

The district provides individual notification to students and parents regarding the availability of alternative programs as policy dictates. Refer to Board Policies IGBHA, Alternative Education Programs; IGBHB, Establishment of Alternative Education Programs; IGBHC, Alternative Education Notification; and administrative regulations.

ASSESSMENT PROGRAMS

The district’s assessment program has been developed to meet state requirements and local district needs.

Assessment results are used to measure the academic content of standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education. Additional services, alternative educational or other public school options are made available to any student who has not met or has exceeded all of the state-required academic content standards and Essential Skills.

The district’s assessment program consists of the following:

1. Criterion-reference assessments, including performance-based assessments, content-based assessments and other valid methods as may be required by state and federal requirements;
2. Assessment of Essential Skills;
3. Individual diagnostic and ability evaluations in all grades when individuals have been referred and parental permission obtained;
4. Assessments by individual teachers;
5. Optional schoolwide and grade level wide assessments as recommended by the superintendent and as approved by the Board.

Dates for district and state assessments will be announced by the principal, as appropriate.

A student may opt-out of the statewide summative assessments as provided by state law. The district shall provide the required notice and necessary forms to the student.

**BILINGUAL EDUCATION/ENGLISH LANGUAGE LEARNERS**

Students whose primary language is a language other than English are provided appropriate assistance through the district’s English Language Learner (ELL) Program until they are able to use English in a manner that allows effective, relevant participation in regular classroom instruction.

Parents who are not able to use English in a manner that allows effective, relevant participation in educational planning for their student will be provided with relevant written, verbal or signed communication in a language they can understand.

Staff in need of assistance in translations, materials selection, special curriculum development, etc., should contact the office.

**COUNSELING AND GUIDANCE PROGRAM**

The district’s counseling and guidance program is designed to involve all staff and parents in the educational, personal/social and career development of students.

Counselors may provide such services as academic counseling for students and parents, including assistance and information in the areas of scheduling, forecasting, assessments, alternative education programs, progress towards meeting local and state graduation requirements, scholarship and college entrance requirements and identification of district, community and statewide resources for students with academic, personal/social or other needs.

Counselors are also available to assist students with academic, social and personal problems and define and arrive at positive solutions through a variety of conference settings.

Students generally schedule appointments to see a counselor through the counseling office. Prior notice to a teacher that a student will be missing class may not always be possible because of the emergency nature of many of the appointments.

Teachers may refer a student to a counselor by contacting the counselor directly or by completing a referral form, available in the office. Teachers interested in arranging a conference with a counselor and a particular student and/or parent should contact the counseling office. Counselors and teachers with counseling responsibilities are expected to respect fully the right of privacy of those with whom they enter counseling relationships.
Confidentiality is not to be abridged except:
1. Where there is clear and present danger to the student or others;
2. To consult with other professional persons when this is in the student’s interest;
3. When the student waives this privilege in writing.

EARLY CHILDHOOD EDUCATION - Readiness to Learn

The district recognizes the necessity to ensure that all children have access to early education opportunities to better develop the skills, attitudes and habits expected of kindergarten and first grade students. To this end, the district has coordinated and/or collaborated with a variety of programs for children birth through age 5. These programs may include early childhood special education, state and federal Head Start programs, Healthy Start and child development.

HEALTH-SERVICES PROGRAMS

The district has an established health-services program which provides:

1. Pertinent health information on students, as required by Oregon statutes and rules;
2. Health-appraisal services, including screening for possible vision or hearing problems and also scoliosis;
3. Health counseling for students and parents, when appropriate;
4. Health care and first-aid assistance that is appropriately supervised and isolates the sick or injured child from the student body;
5. Control and prevention of communicable diseases as required by the Oregon Health Authority and the local health department;
6. Assistance for students in taking medication according to established district policies and procedures;
7. Services for students who are medically fragile or have special health care needs;
8. Integration of school health services with school health education programs.

The district’s school nurse is available as a resource to teachers in securing appropriate information and materials on health-related topics.

All staff will be informed of their responsibilities in these areas.

Nonemergency invasive physical examinations and screenings not otherwise required or permitted by state law may take place under federal law only with prior parental notification and the option for parents to excuse their student from the activity.

Oregon Revised Statute (ORS) 329.025 requires:

(1) One registered nurse or school nurse for every 125 medically fragile students; or
(2) One registered nurse or school nurse or one licensed practical nurse under the supervision of a registered nurse or school nurse for each nursing-dependent student; or
(3) One registered nurse or school nurse for every 225 medically complex students.
The district may use the most cost effective means available to meet the above requirements.

**HOMEBOUND INSTRUCTION**

Homebound instruction is provided to any student whose health or impairment causes him/her to be absent from school for at least 10 days. A physician’s statement substantiating such absence is required in order for the district to authorize homebound instruction.

The amount of instructional service provided will be related to each student’s educational needs and physical and mental health.

Teachers are expected to cooperate with counselors, students and parents to provide such assignments/homework as may be necessary to help students maintain satisfactory progress during the student’s temporary absence from school.

**LIBRARY/MEDIA SUPPORT SERVICES**

Teachers should contact library/media staff for assistance in obtaining audiovisual materials and equipment, computer software, videotapes, and other instructional media materials maintained by the district.

Additional supplemental materials may also be available through the local education service district and/or state library system.

A professional collection of books and current periodicals is also available for staff use in the library/media center. Materials may be checked out through library/media staff.

Teachers may schedule with staff to bring entire classes to the library/media center for project work, as appropriate. Individual students may be admitted for specific project work during class time with a note from the student’s teacher.

**LOCAL WELLNESS PROGRAM**

**Nutrition Education**

Nutrition education topics shall be integrated within the sequential, comprehensive health education program taught at every grade level, kindergarten through grade 12, and coordinated with the district’s nutrition and food services operation.

**Physical Activity**

In order to insure students are afforded the opportunity to engage in physical activity in the school setting, the following guidelines apply:

1. Physical activity will be integrated across curricula and throughout the school day;
2. Physical education will be a course of study that focuses on students’ development of motor skills, movement forms, and health-related fitness;
3. Physical education courses will be the environment where students learn, practice and are assessed on developmentally appropriate motor skills, social skills and knowledge.

Refer to Board Policy EFA-AR Local Wellness Program.

MEAL PROGRAMS

The district participates in the National School Lunch, School Breakfast, Special Milk, Summer Food Service (SFSP), and Commodity Programs. The District has been approved to participate in the Community Eligibility Provision (CEP) program which allows us to offer free school breakfast and lunch to all students at no cost. Participation in this benefit does not require an application.

MIGRANT EDUCATION

Migrant Education is a national program that annually provides supplemental educational and supportive services to eligible migrant children to help them overcome educational disruptions and disadvantages.

During the school year, migrant education operates in support of, and in coordination with the regular school program. During the summer, educational programs may be set up exclusively for migrant children.

PREGNANT/PARENTING STUDENT PROGRAMS

The district advocates the right to continued public education for all pregnant and parenting students. A pregnant and parenting student should be encouraged to continue with his/her educational program and to participate in all school-sponsored activities unless physically unable.

Teachers are expected to work cooperatively with counselors, parents and students in the development of individualized educational programs or services, or both, to address the needs of pregnant and parenting students when their educational needs cannot be met by the regularly-provided school program.

SPECIAL EDUCATION SERVICES

Students ages kindergarten through 21 living in the district that have been evaluated by qualified educational and/or medical personnel and found eligible for services or programs for students with disabilities shall be provided a free appropriate public education (FAPE).

The related services and educational programs provided are designed to meet the needs as specified by the student’s Individualized Education Program (IEP).

When appropriate, students with disabilities are educated with students without disabilities. Special placements or separate schooling is provided only when the nature of the disability
prevents some educational benefit in the regular classroom or affects the health or safety of the student or others.

Placements are made by the building’s IEP team, which consists of the student’s parent(s); one regular education teacher, if the student is participating in the regular education program, or, if the student does not have a regular education teacher, a teacher qualified to teach a student the same age; the student’s special education teacher or a special education provider; a representative of the district; an individual, who may be another member of the team, who is knowledgeable about the student’s disability and who can interpret the instructional implications of the evaluation results; the student, when appropriate, and other individuals who have knowledge or special expertise regarding the student, at the discretion of the parent or district; and other agency representative as provided by law.

Teachers with questions regarding the referral and placement process should contact a special education staff member.

All teachers are expected to work cooperatively with special education staff to modify curriculum, instructional strategies and grading as necessary to meet the needs of a student’s IEP.

STUDENT/WORK STUDY PROGRAM

The district Career Pathways Program has been approved by the Board and supplies guidance to the various options available.

TALENTED AND GIFTED PROGRAM (TAG)

The district has developed a written plan for the identification of, and provisions for a program and services for, academically talented and/or intellectually gifted students. This process of identification shall include as a minimum:

1. Use of research based best practices to identify talented and gifted students from under-represented populations such as ethnic minorities, students with disabilities, students who are culturally and/or linguistically diverse or economically disadvantaged.
2. Behavioral, learning and/or performance information.
3. A nationally standardized mental ability test for assistance in the identification of intellectually gifted students.
4. A nationally standardized academic achievement test of reading or mathematics [or a test of total English Language Arts/Literacy or total mathematics] on the Smarter Balanced Assessment [Consortium] for assistance in identifying academically talented students.

Identified students must score at or above the 97th percentile on standardized one of these tests. Other students who demonstrate the potential to perform at the eligibility criteria, as well as additional students who are talented and gifted may be identified. Each teacher will receive a list of identified talented and gifted students assigned to his/her classroom. Teachers are expected to modify curriculum, instructional strategies and grading, as may be necessary, to meet the needs of identified students.
The district has established an appeal process for parents to utilize if they are dissatisfied with the identification process and/or placement of his/her student in the district’s program and who wish to request reconsideration. A complaint procedure has been developed for a person who resides in the district or a parent of a student attending school in the district to resolve disputes regarding the appropriateness of programs and services provided to talented and gifted students.

Staff should refer parents with questions to the principal.

**TITLE I A PROGRAMS**

In order to help meet the needs of disadvantaged students, the district participates in Title I A federally-funded programs that provide basic skills instructional services for educationally disadvantaged students in grades K-5 and who live in targeted low-income areas.

Children with disabilities and Limited English Proficient children are eligible for Title I-A services on the same basis as other children who are selected for services.

Teachers with questions or concerns regarding student placement or scheduling in this program should contact the Special Programs Director.

Professional Responsibilities

Calendar
A master calendar in the office and a shared google calendar will list all meetings and events taking place at Dayton Grade School. Check this frequently, adding any meetings and events you schedule (i.e. committee mtgs., class evening events, etc.). Make changes in pencil only. Please notify the secretary when placing events on this calendar and complete a “Building Use – In House” form. (For community and/or evening events.)

Confidentiality
Items of a confidential nature (grade and progress reports, disciplinary referrals, etc.) should not be sent to the office via students unless the item is in a sealed envelope. *District policy states that student information is to be used by school personnel only and must not be given to outside parties. An adult staff member should bring highly confidential information to the office.

Copying
The copy machine in the workroom and in the primary and intermediate hallways are for 25 copies or less. Copying through the Print Shop located at the High School is encouraged, and required for more than 25 copies (including 25 copies of many pages!). The request form and box are above the die cut machine in the workroom.

Cumulative Folders
All children enrolled in an Oregon school must have an Oregon Elementary School Cumulative Record Folder. The office will generate a CUM folder as each new student arrives. All CUMs will be stored in the filing cabinets located in the office. Also stored in the filing cabinets, are the portfolios of each student that is enrolled at Dayton Grade School.

Please place items in the CUMs in the following order:
1. Picture Card (optional)
2. Permanent Record Card
3. Registration Forms
4. Report Cards
5. Transcripts
6. Group Assessment Results - Both State and District
7. Alternative School Referrals (retain 3 years)

In a separate file, place all portfolio items alphabetically by class behind your class CUMs. Every child must have a portfolio of work in addition to the official school cumulative record. Refer to the Appendix for the updated version of portfolio directions.

At the end of each year, please purge the CUMs of the following items (according to OARs Div. 40 8.1):

- Records of conversations (other than what would show compliance with federal program requirements)
- Parent notes regarding student behavior
- Written behavioral agreements between the student and school
● Detention records
● Bus citations
● Any other written descriptions of minor behavior infractions which would not identify a student for special services

All purged items need to be submitted to the principal for final review and/or destruction.
Document Important Information. It is required that teachers use lesson plan books (of some sort) to record lessons planned and taught over the course of the school year. These may be turned in at the close of the school year. It is recommended that teachers use the lesson plan pages/books to document lessons including safety instruction. Safety lessons include teaching character education, school rules, playground rules, manners and all positive behaviors, as well as teaching students those behaviors to avoid and how to respond during safety drills.

Report card comments need to be thoughtfully written, mostly positive, and yet accurate. Negative factors (i.e., poor attendance) and/or traits (i.e., has difficulty staying in seat) do need to be communicated to parents. Yet the report card is a formal document which has many uses and is often kept over a period of years. Therefore, it is important to word comments carefully and date each one. It is advisable; and sometimes required, to have another teacher or administrator proofread comments, letters or other written communications before they are sent out.

Communication with parents, certain student behaviors and all student performance must be well documented, too. Grade books, portfolios, report cards and other teacher records constitute professional documentation.

Grading Policy
Documentation is necessary for any grade or comment placed on report card. Midterm progress reports will go to students where there are concerns. Report cards will follow the Semester schedule with conferences at six weeks. Work to inform parents regularly.

Late Start Monday Meetings – 2 Hours
Late Start Monday Meetings will begin promptly at 7:35 AM. Please see Melissa to add items to the agenda. These meetings are a priority so please don’t schedule parent conferences, appointments or other meetings at these times.

Mailboxes
Please check your mailbox at least twice a day for messages. Your class time will not be interrupted for phone messages unless it is an emergency.

Retentions (not recommended)
Parents must be informed of the possibility of retention early in the year in order to try to remedy the situation. Alert the principal of any concerns prior to discussing retention with a parent. Please document all home-school communications concerning retention. Include dates on all notes. See retention paperwork in the vertical file.

Field Trips
Field trips must be connected to the curriculum and provide educational enrichment. School District budgeted funds have been eliminated. The P.T.S.O. does provide some funds for each grade level. Please complete the field trip request form and the estimated cost worksheet and
turn in to the office at least two weeks before the trip. Be sure to check with the office to see if you have a student that takes medication. Teachers must review all bus rules and procedures before each field trip. All field trip requests must be turned in to the office on or before the spending cut-off each year. Attendance must be taken for each class before the bus moves every trip. A class list will be generated for you the morning of your field trip. Please be sure to take this list with you to take roll call before returning back to school. If a parent takes their own student home from the field trip they must sign their student out on the class list beside their child’s name.

**Classroom Pets**

Classroom pets may enhance or detract from student achievement depending upon many factors including how they are cared for, and how having the pet is connected to the curriculum. All school pets must be approved before they are allowed at school. Complete a Classroom Pet License form located in the vertical file. Pets are not allowed in a classroom if any child in the class has a significant allergy to the pet. Caged pets must be kept in cages. Please do not allow them to run in the classroom.

**Visiting Pets**

Pets belonging to staff members or students may be allowed brief visits at school with prior permission, and provided the visit has specific education purposes. Venomous creatures are not allowed at any time. Pets must be supervised and contained (by an adult who knows the animal) and may stay for 30 minutes or less.

**The Learning Environment**

**Lesson Plans**

1. There are three main purposes for lesson plans: To allow substitutes to be able to ensure the safety of children in your classroom. Please add any behavior plan/safety plan in effect to your sub folder. Also include a reminder to review emergency procedures/clipboard at the beginning of the day. It is the duty of the substitute to understand these instructions and know who to contact with questions. Please leave the substitute with a few options of people to contact.

2. To keep one’s teaching on track with the curriculum (i.e. to assure all areas are taught and assessed in a meaningful and efficient manner!)

3. To allow substitutes to be able to step in and keep the class moving in the desired direction. Please make certain that meaningful and easy-to-follow lesson plans are available on your desk 100% of the time. Substitute folders or boxes are recommended.

While lesson plans may not need to be turned in on a regular basis, they may be checked on a random basis.

**Materials Organization**

Keep the following list of materials on your desk and/or handy for a substitute at all times:

- Lesson plans (including where to locate teaching materials)
- Daily class schedule
- Duty schedule
- Emergency Clipboard (updated and hanging on your wall by exit door)
- How students go home clipboard
Parent Involvement

Parent Partnership
We strongly recommend that all classroom teachers communicate, preferably through telephone calls or face-to-face visits, with the family of each child in their classroom during the first 2 weeks of school. This initial contact should always have as its goal to communicate something positive that you have observed about this child. This forms the basis for a partnership that will be very valuable to the future success of this student in your classroom. It also is a bonding with the parents that will help throughout the year. Parents need to know they are welcome to come in for a conference anytime (within reason, of course).

Other ways we demonstrate this partnership are the monthly student recognition awards, pieces of eight, weekly or monthly class and school newsletters, school programs to which parents are invited, and weekly folders home. Progress reports and report cards are also valuable for this purpose.

Student/Teacher Support Services

Referral for Special Services and Testing Process
An excellent Child Study Team is in place to help you with students having difficulty academically or behaviorally. Please see the Special Education teacher or counselor for information on the process.

Student Expectations and Management

Mediation Program
The Mediation Program can be another resource to you in helping children learn methods to solve interpersonal conflict. Children who are members of the Mediation Team are given an in-depth training in the mediation process, plus have monthly meetings to review skills. Mediations are generally held one day a week and need to be scheduled beforehand. Two trained mediators will help two to four other students talk through the problem and arrive at an agreement. An adult always supervises mediation.

The mediation agreement does not need to be enforced by staff. If problems continue after mediation, the students can ask for a follow-up session. The exceptions to this are any mediation that involve harassment. If the harassment continues after mediation, staff will need to intervene to stop it.

A request for mediation can be filled out by teachers, students or other building staff. Request forms are available in the office and should be given to the counselor when completed.

Playground Duties
The playground is an active learning environment for students. A major goal of our program is to provide effective supervision of student play and to teach a consistent and logical process of solving problems that promotes respect between students and staff. In addition, there are
numerous liability issues facing teachers and the school as we meet our responsibility under the law. These are:

1. Regular inspection of equipment by the Maintenance Director.
2. Specific guidelines clearly communicated and consistently enforced.
3. Adequate student/staff ratio, proper positioning of staff, enforcement of guidelines and active monitoring.
4. First Aid
   - If there is an injury involving the head or back do not allow the injured student to move or get up. Send for the principal so that she can assess the situation.
   - Any injury involving blood should be sent to the office and remember to always carry a blood pathogen pack while on duty for your protection.
   - Any scrapes not involving blood do not need to be sent to the office. Give the student a pass and send them to the restroom to clean up.

Other things to remember about duty assignments:
   - **Be prompt** - especially during the lunch duty to ensure safety and your fellow staff member’s 30-minute duty-free lunch.
   - Use the Dayton Grace School Expectations and Problem Solving Strategies (for example Kelso’s Choices, GEM or Mind Up).
   - Walkie-talkies should be taken out for each intermediate and primary playground.

You are responsible for your class at all times, except when relieved by an assigned duty teacher. Under no circumstances are children to be released in an area not “under supervision”. Accompany your class to the playground area to make sure a teacher is on duty. Call the office if your relief is late. You are on duty until the next duty person arrives.

There are several preventive actions that the duty person can take to reduce problems on the playground:
   - Be on the playground before the students and check for any unsafe conditions.
   - Declare ‘off limits’ any unsafe conditions.
   - Know the playground guidelines and safe use of equipment.
   - Keep your eyes moving to all areas of the playground.
   - Avoid conversations with students or staff that may interfere with your ability to supervise.
   - Go to high risk areas frequently during the duty period.
   - Know where the higher risk students are playing.
   - Go toward suspicious situations.
   - Move around your area.
   - Know where your partner is at all times.
   - Make sure a duty person is the last one off the playground. Teachers whose room is close to yours should help watch your students until you can arrive to supervise them.
   - Have a working radio and fanny pack.

Review procedures:
   1. Play safely and responsibly. Behaviors to be taught include:
• Proper use of playground equipment
• Procedures to insure that playground balls are not lost
• Identify specific behaviors that are not safe (Leaving school grounds, jumping off of stairways, etc.)
• Where to play for certain weather

2. Solve problems using the plan in our guidebook. Each classroom in conjunction with the counselor is expected to teach a problem-solving curriculum. More is said about the curriculums under the "Problem Solving" section of this guide.

3. Include others in your games and let everyone have fun.
   Behaviors to be taught include:
   • Sharing equipment
   • Taking turns
   • How to handle disagreements in games
   • How to include others in what you are playing

4. Respect others and their games by not running through or interrupting them.
   Behaviors to be taught include:
   • Walking or running around the playing court.

5. Line up immediately when the bell rings. Behaviors to be taught include:
   • Stopping
   • Going immediately to the designated area to line up
   • Lining up safely and quietly
   • Waiting for their teacher to walk into the building

Teachers should go to the playground at the end of recess to escort their class into the building. Please model promptness for your class.

**Student Recognition Program**
Dayton Grade School staff will make an ongoing effort to recognize student behavior that contributes to a positive and ethical school climate. An important part of this effort is, the Pieces of Eight and monthly student recognition awards. Students who have shown improvement in either academic skills or social skills will receive a Pirates Gold award for this effort. Last year almost every student received this honor at sometime during the year.

Also, students from each class will receive Student of the Month awards. These awards are given to students who have shown learning and growth in the following life skills:

• Responsibility
• Integrity
• Service
• Courage
• Respect
• Humility
• Honesty
● Forgiveness

Teachers will spend time during their guidance lessons teaching the value and ways to demonstrate these life skills.

**Rainy Day Lunch Recess**
A Specific Schedule will be provided
- Students have a choice of going into the gym or sitting in the bleachers
- Students may also choose to stay outside and play or play under play shed. *(Students may only play in rain with waterproof jacket and hood or umbrella).*
- Students may not go back and forth.

**Building/Office Procedures**

**Attendance**
Daily attendance will be done in the classrooms by the teachers on E-School. This will be done on your classroom computer. All absences/tardies must be inputted by 8:45 AM Tuesday-Friday, 10:45 AM on Late Start Mondays.

When a student is absent for ten consecutive days, that student will be withdrawn from the school. If the student returns to class, send student directly to the office. The attendance secretary will re-enroll the student.

When a new student comes to your class a copy of the registration form will be placed in your box usually before the student arrives in your classroom. When the CUM folder arrives we will put a note in your box to let you know it has arrived and that it has been filed.

As soon as you know that a student is leaving the school, please notify the office. When a request is received for the student’s records, you will receive a notice from the office to update all of the student’s CUM records and bring them to the office. At the end of each grading period, an attendance report for that period will be provided for each classroom. This report contains absence and tardy information to be placed on report cards.

**Absences Procedures**
Teachers and administrators will work together to reduce student absences at Dayton Grade School. Teachers are asked to make a personal phone call home when a student is absent and when the absence is unexplained or there has been no contact from the parent about the absence. Based on the information the teacher receives, the teacher will then follow the Attendance Flowchart to monitor continued absences. The goal of our attendance program is for students to have an attendance rate of 94% or better. This program is intended to increase regular attendance by all students, and change the behavior of students with sporadic or patterns of absences.

Our focus on attendance was initiated after looking at some national statistics around attendance. Students who are frequently absent in preschool and kindergarten have a greater likelihood of continued poor attendance in later grades and are more likely to be behind in reading and math levels. According to Attendance Works, a webpage for reducing chronic absences, “research shows that missing 10 percent of the school year, or about 18 days in most school districts,
negatively affects a student’s academic performance. That’s just two days a month.” Missing 10 percent of the school year or two days per month is being chronically absent.

Consecutive absences due to family vacation or illness are considered in a case by case basis by the attendance team, the classroom teacher, counselor and administrator. In general, if the student does not continue to miss school, is not at risk academically and there is no concern of a negative pattern of behavior, then the vacation or illness absence will not move the student through the flowchart.

Our program in short requires the classroom teacher to make contact with the parents/guardians at possibly the first absence, definitely the second absence and each absence thereafter (except in the event of vacation and confirmed illness). A letter will be sent to parents of yellow and red students. Through a team decision with the classroom teacher, a support plan will be created to positively impact the student.

Tardies
If a student arrives in the classroom after 8:15 AM Tuesday-Friday & 10:15 AM on Mondays, he/she should come to the office for a tardy slip.

Students Leaving School During the Day
Permission must be granted through the office. Students must be signed out by the parent in the office. This is for the safety of every student. Do not release students to anyone before school is out unless you have proof they were released through the office, and make sure that students get home a consistent way. Students must have a note to vary from the routine and it must be stamped by the office.

Custodians and Work Orders
One custodian will be on duty during the day and one to clean in the evenings. If you need something cleaned up please contact the office. Work orders are available in the vertical file for repair work.

Medical Protocols
All staff need to check the Medical Protocol Notebook at the start of the school year. Please be sure to read through the Medical Protocol book in the office, and sign off after reading

Equipment and Supplies
Basic supplies are stored in the room adjacent to the office. Please take only what you need. If something is running low or out please indicate on the paper on the wall and the custodian will restock. Please keep the supply room neat and clean and put the handle to the paper cutter down when you are finished.

Reimbursements/Requisitions
If you have a special project requiring something other than the basic supplies please check with the building principal for possible purchase. Each teacher will have $100.00 for miscellaneous supplies such as stickers, cooking supplies, etc. Your receipt should include only school items. Do not submit your grocery receipt with one or two items circled.

No obligation may be incurred by any staff member unless that expenditure has been authorized in the budget or as may otherwise be permitted by Board action and/or Board policy. No
purchase [including purchases from student body funds] will be authorized unless covered by an approved purchase/requisition. (Forms are available in the office.)

**Student Body Cash Procedures**

**Money Held in Vault for Teachers**
- Staff members may present a manila envelope to office staff member for placement in vault.
- If money is to be added or taken from the envelope, office personnel will give envelope to staff member.
- The office is not responsible for cash envelope held for safe keeping in the vault.
- Money must be turned in before the office closes each day. Do not keep money in classrooms overnight.

**Money Given to Office for Deposit**
- The staff member is responsible to inform office staff when all money has been collected and is ready for deposit.
- Complete a Summary for Deposits/Cash Received for student body account funds to be deposited.
- Staff member and office personnel will verify deposits/cash together.

**Requesting a Check**
- Please ask the secretary for a voucher (not a requisition). Complete the voucher, attaching a bill or invoice.
- Voucher needs the principal’s approval.
- Allow at least two days for the check to be issued.

**Student Body Fund Raisers**

We have all-school fundraisers each year - PTSA Pirate Walk and Read-A-Thon. The administrator must approve any other fundraisers you would like to have for your class or for an activity. Any monies needed from Student Body funds will need a voucher filled out in order to receive funds. All fundraisers must be approved prior to any action including advertisement and/or collection of funds. A letter must go home to parents explaining how the funds will be spent. Please complete a Fundraiser Activity Request form and attach a copy of the parent letter.

The vertical file in the workroom holds the following forms. Please refer to the listing posted on the wall next to the file for location of each form:

**Head Lice**
School Staff will refer student to the office for lice checks if they see: 1) Persistent itching or scratching, known exposure to sibling or other close contact with head lice (e.g., seat mate in classroom, locker partners, overnight sleep activities, scouts, etc.), self (student or parent) referral; 2) Three nonrelated cases of head lice in a classroom within 10 consecutive school days mean that all children in the classroom be screened by the following school day; 3) If there is infestation among three percent of the entire student population within 10 consecutive school days, there will be a screening of all students in the school within one week.

**School Messenger**
School Messenger is a service for parental outreach, emergency broadcasts, student attendance, mealtime fund notices and other communication for education. School Messenger will be used to give parents timely attendance information. Automated calls will go out to parent when students are absent without prior school notification.

**No-Release Requests**
Some parents request that no information, concerning their child be released to the public. Following registration process each September the office will provide a list of those students to faculty. Please remove the names of all “no-release” students from class lists posted outside the classroom. OR, to make things simpler, use only first names (one last initial is okay if needed) when posting class lists. Remember (this same procedure and) use only first names for those Valentine lists, too! Be sure to check with the office if you have any questions about these students.
**Photographs at Dayton Grade School**

Students may not take pictures of other children at school unless they have prior permission from the classroom teacher. Some children are on a confidential restricted list and may not have any photographs taken at school. Teachers are responsible for keeping track of that information. This restriction is for everyone’s safety and privacy.

**Opt-Out Procedure**

Parents may request that their own children do not participate in lessons that contradict particular family values or beliefs. This happens at our school occasionally during lessons for AIDs and/or human development. There may be other social studies, health or science lessons that apply to this practice, as well.

Parents must make this request in writing, a simple note will do. Teachers need to respond back to the parent by phone or note to let them know the request was received. Then DGS staff will proceed by the following procedure:

1. Teacher will give a copy of the note to office staff.
2. Teacher will give office dates and times of all lessons in the unit.
3. Teacher will arrange for alternate work for the child to complete in another classroom.
4. Child will report to the office before reporting to the next classroom.
5. Office staff will call for the student if this does not happen according to the teacher’s chosen schedule.
6. Office and classroom teacher will document that the child attended the alternate activity.

Obviously, under these circumstances, every effort should be made to reassure the child that he or she is not in trouble or making anyone unhappy. Arrangements and procedures need to be carried out in a matter-of-fact manner.

Each child needs to have the benefit of at least one face-to-face parent + teacher conference each year. Parents need to also be invited to meetings of the Child Study Team at which their child will be discussed.

**Sending Students to the Office**

Send a note with a child, or call office to tell why a child is being sent to the office and for how long.

**Staff Room**

Please check with office before scheduling classes or testing in staff room.

**Student Teachers (Volunteers, Interns, Etc.)**

Begin all student teachers’ experiences with a thorough discussion of safety, supervision and classroom management.
DHS Coat of Arms

Following rules of heraldic custom, Dayton High School's Coat of Arms has been designed to illustrate the activities and achievements of our students, as well as the close relationship, which exists between our community and school. It reflects the pride we have in our history and the faith we have in our future.

The **CREST** of the Coat of Arms is a pirate, symbolizing school spirit and serving as the school mascot.

The **MANTLING** is an oak leaf cluster representing the oak trees lining Ferry Street, adjacent to the school.

The **SWORD** is divided into three parts by curvy lines, representing the Yamhill River emptying into the Willamette River. This symbolizes early Dayton grain shipments and Dayton's reputation as the largest river harbor in Oregon.

The **SCALES** symbolize the perfect balance between academics and activities.

The **BLOCKHOUSE**, located in the city park is a symbol of our pioneer heritage. It was moved from Grand Ronde in honor of General Joel Palmer, Superintendent of Indian Affairs and founder of Dayton.

The **WINGED FOOT AND ATOMIC SCHOLASTIC SYMBOL** represents the high level of athletic and academic achievement.

The **SCROLL** bears the name of the school.

Grade/Progress Reports
The purpose of the progress report and report card is to communicate with parents and students about the achievement or progress toward established learning goals. Grades reflect student progress towards achieving the academic content standards and how well students have met these goals in each class, indicating areas of strength and areas where additional time and effort are required.

Students overall grade for each subject will be a combination of Academic Performance and Personal Management Skills. Students will receive an Academic Grade which will reflect 90% of the overall grade, and a Personal Management grade which will reflect 10% of the overall grade. The Academic Grade is based upon an individual student’s ability to demonstrate academic learning of essential standards and skills, and will include tests, quizzes, speeches, performances, essays and individual projects. The Personal Management Grade is based on 4 areas:

- **Independence and Initiative** - Take responsibility for decisions and actions and anticipate consequences of decisions and actions. Identify tasks that need to be done and initiate action to complete the tasks.
- **Work Completion and Work Habits** – Plan, organize, and complete projects and assigned tasks on time, meeting agreed upon standards of quality.
- **Cooperation and Participation** – Maintain appropriate interactions with others.
- **Attendance** - Maintain regular attendance and be on time.

During each semester, teachers will determine current academic and behavioral progress and issue a grade report that will be mailed to parents. All parents will receive a report at the 9 week period and a final report at the conclusion of each semester. *Additional reports (see dates below) will be sent to parents whose child is showing insufficient progress toward, or is at-risk of not meeting, the expected learning targets of a specific course. Parents will have unlimited online access to their student’s grades through our District website. Access information and passwords will be issued at the beginning of the school year. IPR grades are continuation grades demonstrating progress toward the final semester grade.

Accident Reports
If a student is injured while under your supervision, you must fill out an accident report as soon as possible and submit it to the school office. This is necessary for school insurance purposes and should be taken care of on the same day of the accident. Dayton Public Schools – Accident Report forms are available in the office.

Activity Requests and Procedures
All activities must have an educational or school related purpose, which is known to both the students and parents prior to the activity. The teacher/coach/advisor shall submit an Activity Request form to the school office at least two weeks prior to the activity. This will allow the activity to be approved by the building administrator and placed on the school calendar. Building secretaries will also arrange for substitutes, necessary student transportation, or building use permits, as requested. All overnight trips must be approved, at least one month in advance by the Dayton School Board. Sunday activities are discouraged. (See forms section of this handbook.)

Alphabetized student lists, of all students who will be attending school-sponsored events must be turned in to the school office at least one week prior to the activity. Lists will be distributed by building secretaries as a courtesy to other teachers. Each student must have a permission slip that is signed by a parent/guardian before participating in any off-campus activities or trips. This includes any activities that require students to walk to local areas such as Palmer Creek, the City Park, etc. Teachers/Advisors must take attendance of those students who are actually participating in the activity and submit it to the office staff prior to departure. Students who participate in school-related activities shall not be penalized for missing classes but shall be held accountable for missed class work.
Activity Schedule
Assembly schedules will be determined at the start of the school year. Other assemblies/activities will be scheduled as needed.

Announcements
Daily announcements are often our only form of communication to students and staff members regarding important items. Public address announcements will be made when necessary. (DJH/DHS) Daily announcements will be sent via email to staff members by the beginning of 2nd period. Please notify the office secretaries if you would prefer a hard copy of the announcements delivered to your classroom by the beginning of 2nd period. It is required that teachers read daily announcements aloud to their 2nd period students and then post the announcements in an obvious spot within the classroom. A weekly bulletin will be available on Friday announcing activities, events and meetings for the upcoming week.

Attendance
Teachers are required to take attendance one time each class period utilizing the eSchools computerized attendance tracking system. All entries must be made daily, within the first 10 minutes of the start of each class. All modifications to the initial attendance report must be made through the school office. It is expected that all teachers will be diligent in keeping entries updated, as the effectiveness of the entire attendance system is dependent upon current information.

The following is intended to answer questions teachers may have about the attendance system:

Substitutes and Teachers with limited computer access
- The assigned classroom teacher is the only person authorized to enter attendance on the “eSchools” system.
- Teachers may pre-print class rosters for substitutes and/or for taking roll in areas where a computer is not readily available.
- Teachers, with limited access to computers during class (i.e., PE), are expected to enter their attendance reports as soon as a computer station is available to them.
- Teachers are required to pre-print current class rosters and include those with their lesson plans when they know they are going to be gone the next day.
- For extended absences or last minute calls, the office staff will print current class rosters for substitutes for the purpose of taking attendance.

Substitutes and Teachers with limited computer access
- Substitutes will be directed to send class attendance rosters to the office to be entered by the “surrogate”. A “surrogate” refers to secretaries, administrators, or other support staff who are authorized to enter attendance data once the teacher or substitute teacher has taken roll.
- Teachers who share rooms will be required to log off, allowing access to the current classroom teacher.

Absence codes, verification of attendance, and pre-arranged absences
- Teachers are to direct any student who is not an active member of their current class roster to the school office.
- Teachers will be responsible for indicating only whether a student is absent, or tardy to class, regardless of any preexisting absence code.
- An absence is recorded when a student is not in class within the first 10 minutes of the assigned class period.
- A tardy is recorded when a student comes to class, with or without an excuse, within the first 10 minutes of the class period.
- Absence codes, as indicated on class attendance rosters, will remain “unexplained” until the attendance secretary enters an absence code.
- Absence codes should be posted near each teacher’s computer screen.

Attendance Policy
It is expected that every student attend school regularly and complies with Oregon Revised Statutes pertaining to school attendance. ORS 339.010, ORS 339.020, ORS 339.030, and ORS 339.065. All students between the ages of 6 and 18, who have not completed grade 12, are required to regularly attend a public full-time school, unless otherwise exempted by law. Staff will monitor and report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly. Any person who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student’s failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine, as provided by ORS 339.095.

Students, parents, and school support staff all need to work in collaboration to ensure each student’s regular school attendance. For the purpose of attendance documentation including written and verbal communication, “Regular School Attendance” is defined by the State of Oregon and the Dayton School Board as 90% or better attendance by a student throughout the school year. A part of accomplishing this goal is to have a correct explanation of Oregon’s attendance laws available and know to parents and students, including procedures that adhere to these policies. The following summarizes how we will work in compliance with district policy and state statutes to support student attendance:

1. At the start of the school year, Dayton School District tardy and attendance policies will be sent home to explain the importance of regular school attendance.
2. If a student accumulates 8 or more ½ day (or the equivalent) unexcused absences during a four week period the parent will be contacted by letter #1, Irregular Attendance Notice, (JEA-AR). The student will be placed on an attendance contract.
3. Failure by the student to comply with the attendance contract in step 2 will result in letter #2, Attendance Supervisor’s Irregular Attendance Notice, (JEA-AR). This notice informs the parent/guardian by certified mail that the student is to be in school on the next regularly scheduled school day, must maintain regular attendance for the remainder of the school year and that failure to comply could result in fines and/or suspension of driving privileges.
4. If a student fails to attend school regularly after receiving the notice in step 3, the parent/guardian is asked to attend an attendance conference to discuss what actions will be taken in improving the student’s attendance.
5. If a student fails to attend school regularly after step 4, the parent/guardian is sent letter #3, Superintendent’s Notice of Compulsory Attendance Noncompliance, (JEA-AR) by certified mail. The parent/guardian and student are required to attend a conference with the superintendent or designee to develop a plan for student attendance improvement. Failure to attend the conference or failure to send the student to school and maintain the student in regular school attendance following the conference will
result in a citation.

6. If ten consecutive absences occur, the student is issued a **10-day drop notice**. If ten consecutive absences or 15 cumulative absences occur in a single semester at the high school level, the school district shall notify the Oregon Department of Transportation with a **Request for Suspended Driving Privilege** (JHFDA-AR), and the student’s driving privileges may be suspended.

**Absences/Tardies - Oregon’s/Dayton’s 90% Standard**

Oregon’s/Dayton’s Definition of “Not Chronically Absent”

- Students are considered “not chronically absent” if they attend 90% or more of their enrolled days.
- For a school district with 172 instructional days, a “not chronically absent” student may miss up to .5 days per week or 17 full school days for the academic year.
- For a school district with 172 instructional days (7 period day), a “not chronically tardy” student may not exceed 3 unexcused tardies per week.

This is the **minimum** standard by which student absences and tardies will be assessed and monitored by the school’s attendance support team. Incremental interventions may be assigned to students falling below the 90% standard, including but not limited to: Teacher/Administrator conference with student; Informal contact with parent/guardian; Student Support Team plan; Lunch Detention; Loss of privileges to participate in after school activities; School-issued Chromebook access/use restrictions; In-School suspension; Parent/Guardian letters regarding attendance non-compliance; and/or Parent/Guardian attendance non-compliance court summons in accordance with ORS 339.095.

The district will notify the parent, in writing and in the native language of the parent, that, in accordance with law, the Attendance Supervisor will schedule a conference with the non-attending student and his/her parent(s) to discuss attendance requirements. At this time the parent has the right to request an evaluation to determine if the student should have an individualized education program (IEP) or a review of the student’s current IEP.

Any person having legal control of a student between the ages of 6 and 18, who has not completed the 12th grade, and who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student’s failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577(1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

**Absences and Excuses**

When students return to school after an absence, the parent/guardian must notify the attendance secretary via email, phone call, or signed notification describing the reason for the absence. Absence from school or class will be excused under the following circumstances:
1. Illness of the student;
2. Illness of an immediate family member when the student’s presence at home is necessary;
3. Emergency situations that require the student’s absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a parent or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the parent or guardian. If the parent or guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day, must bring a note from his/her parent. A student who becomes ill during the school day should, with the teacher’s permission, report to the main office. The office staff will decide whether or not the student should be sent home and will notify the student’s parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days.

When a student involved in school athletics and/or activities receives an unexcused absence from school they will not be allowed to participate in their school-related activities on that day or evening. A student must attend classes at least half a school day to be eligible to practice with their club or team that day or evening.

**Exemptions from Compulsory Attendance**
The school may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor provided the student is:

1. Employed full-time;
2. Employed part-time and enrolled in school part-time;
3. Enrolled in a community college or other state-registered alternative education program.

All such request must be submitted in writing to the principal and include documentation of the student’s employment by the employer, or enrollment status by the school. The school requires notification should the student’s employment or enrollment status be terminated.

Requests will be considered only following a conference with the student and parent or emancipated student and a review of credits earned for graduation, grades, disability, if applicable,
standardized assessment results, teacher evaluations, counselor appraisal, immediate plans, short-range and career goals and any other pertinent information.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available.

Exemptions will be granted for a limited time only, must be renewed on a semi-annual basis and will be reviewed by the school no later than the second week of each semester.

Parents will be notified of the need to reapply for an exemption no later than the 2nd week of each Semester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

A student shall be considered to have withdrawn from school if the student has:
   1. More than 10 consecutive days of unexcused absence; or
   2. Fifteen school days total of unexcused absences during a single semester.

The student has a right to appeal the superintendent/designee or Board’s decision through district suspension/expulsion due process procedures.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

**Extended Absences/Assignment Requests**
If a student is absent for an extended period of time, a minimum of three days, we recommend that the student or parent request the office staff, by 9:00 a.m., to gather assignments for the student so they may be completed at home. Homework requests received after the 9:00 a.m. deadline may require an additional day’s delay, due to teacher’s preparation schedules.

**Questionable Absences/Cutting Class**
It will not be accepted that a student simply missed school for "no apparent reason." If office personnel and administrators are not given the true facts concerning absences, they reserve the right to take disciplinary action. Students who are more than 10 minutes late to class will be considered absent for that period and may be assigned consequences. School administration has the final say in determining if an absence is excused.

**Release of Students from School**
A student shall not be released from school at times other than regular dismissal hours except with the principal’s permission or according to the school sign-out procedures. A student will not be released to any person without the approval of his/her parent or as otherwise provided by law.

Building Hours
The building is accessible to staff during the course of the school year between the hours of 6:30 AM – 10:00 PM, weekdays. Staff members requiring access at other times, including weekends may do so by obtaining a pass code for the alarm system from the office staff.

Calendar
Official dates for all school events are established as early as possible at the beginning of the school year and recorded in the school office. Any requests or modifications of scheduled activities must be presented to the building administrator at least two weeks prior to the event. Only office personnel will add or delete items from the master calendar.

Checking In/Checking Out
Staff members are not required to sign in each morning however those who know they are going to be late must notify school office personnel as soon as possible so coverage of their assignments can be arranged.

Staff members who must leave campus for any reason during regular school hours (7:30 a.m. – 3:30 p.m.) are required to notify office personnel of their departure, destination, and estimated time of return.

Classroom Security
When leaving the classroom, locker room, or other work areas between classes or at the end of the day, teachers are expected to turn out the lights and secure all doors. Windows should also be secured at day’s end.

Computer Security
Staff members are required to lock-down their computer station when it is not in use, or program their computer to automatically lock-down after a short period of non-use. Staff members are expected to be diligent in preventing students from accessing confidential, information.

Confidentiality
Items of a confidential nature (grades and progress reports, discipline referrals, etc.) should not be sent to the school office via students unless the item is in a sealed envelope.

District policy states that student information is to be used by school personnel only and must not be given to outside parties.

Contests for Students
The district cooperates with individuals, community organizations and agencies desiring to sponsor contests for students, when such activities can be integrated into the school program without disruption or loss of instructional time for the student and without imposing an unreasonable added workload on staff. All such contests must be consistent with the purposes and educational aims of the district.

Teachers sponsoring such activities are responsible for the preparation and circulation of all informational materials and for other administrative work required in the grading, judging or evaluation of the participant’s work.
The school may not be used to promote private or commercial interests. Nor may the school be used for the direct sales promotion of individual competitive goods or services. Materials or activities initiated by private sources are to be referred to the building administrator for approval and will be judged on grounds of their direct contribution to educational values, factual accuracy and good taste.

Detention
A student may be assigned lunch detention, in-school suspension in the Problem-Solving room, or out of school suspension for violating the Student Code of Conduct. The student’s parents/guardian will be notified of such detentions and/or suspensions. Students who receive any form of suspension or detention will not be allowed to participate in athletics or activities for the duration of the day(s) served. In addition, students who receive out of school suspension shall not be allowed to participate in the next performance/competition if it falls within 5 days of the participant’s return to school.

A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student’s transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.

A student may be assigned lunch detention, in-school suspension in the Problem-Solving room, or out of school suspension for violating the Student Code of Conduct. The student’s parents/guardian will be notified of such detentions and/or suspensions.

Lunch Detention

1. Students will be assigned to serve lunch detention, as needed, on Monday through Friday.
2. Upon being excused from class, students have 5 minutes to get their lunch and report for their assigned detention. Students who are not seated 5 minutes after lunch begins will not be admitted.
3. All students are to bring lunch and a sufficient amount of work to do from their respective classes. After completing lunch, students must spend the remainder of their time studying, reading or completing other tasks as assigned by the detention supervisor.
4. Students are not permitted to leave the room.
5. There is to be no talking among students, and students are not to be out of their seats without permission.
6. Students who are not prepared and/or are uncooperative in any way will be asked to leave detention and will be reported to the Principal or School Disciplinarian for further consequences, which may include suspension.
7. Failure to report to lunch detention promptly without reasonable cause may result in, additional lunch detentions, ISS, or immediate out of school suspension at the discretion of the administration.

In-School Suspension
An In-School Suspension Room, with a full-time staff member, has been established for the purpose of: 1) assisting students to be academically and behaviorally successful in class; 2) supervising suspended students in school rather than relying solely upon out-of-school suspension.
Suspension Procedures (In-School or Out-of-School)
A student whose conduct or condition is seriously detrimental to the school’s best interests may be suspended for up to 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which damages or participates in destruction of district property. The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to explain his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision. Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property, nor participate in activities directed or sponsored by the district. Schoolwork missed by the student while on suspension may be made up upon the student’s return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make-up final, mid-term, and unit examinations without an academic penalty.

Pre-Expulsion
A pre-expulsion hearing will be used when the school has exhausted all other disciplinary options short of expulsion. The procedure is as follows:
1. Parent/guardian will be notified by mail of the time, date and location and procedures for the hearing;
2. The hearings officer will review information presented by student, parent/guardian and school;
3. The student may be accompanied by an attorney or advocate;
4. Under the direction of the hearings officer, the student, school and parent/guardian will review guidelines for student to remain in school;
5. Further violation of school rules and procedures will result in an expulsion hearing.

Agreement to Suspend Implementation of Expulsion
Introduction
This agreement is designed by the District to provide an alternative for expulsion for first time offenders who are either in middle school or high school for certain drug and alcohol related offenses which violate the District’s drug and alcohol policy for possession or use of drugs or alcohol. The District in cooperation with community agencies will make available: Alcohol and drug education opportunities; Assessment and treatment recommendations; Community service opportunities; and, Parent education and monitoring. The District has the sole discretion to offer this agreement. The student and the parent(s) or guardian(s) enter into this written agreement with the District which sets forth the obligations and responsibilities of the student and parent(s)/guardian(s) in order to suspend the implementation of expulsion. This agreement is between the District, the student and the student’s parent(s) and/or guardian(s).
Stipulations

1. The student admits to use or possession of alcohol, drugs or drug paraphernalia, which is in violation of District policy as stated in the Student/Parent Handbook. The details of this possession/use are known and agreed upon by the student, parents/guardians and school administration.

2. Notification that the student may be been suspended for a period of up to (10) school days.

3. The student and parent(s)/guardian(s) admit that the student’s action violates District policy as stated in the Student/Parent Handbook, and that the District has the authority to discipline the student according to the provisions of that Handbook and Administrative Rule up to and including expulsion.

4. The student and parent(s)/guardian(s) agree that by entering into this agreement, they are waiving and giving up their right to appeal the proposed expulsion. Therefore, the student and parent(s)/guardian(s) will not have the opportunity for a hearing before an impartial hearing officer or an appeal to the Board.

5. The student and parent(s)/guardian(s) understand that by entering into this voluntary agreement, they are waiving and giving up their ability to call witnesses, present evidence and cross-examine witnesses regarding the incident.

Agreement

1. The period of this agreement will be up to one calendar year, beginning the first day of reinstatement.

2. During the period of this agreement, the student and parent(s)/guardian(s) agree to the following:

   A. Abide by District regulations as defined by the Code of Conduct and outlined in the Student/Parent Handbook.
   B. The student will submit to a Drug and Alcohol Assessment through Yamhill County Health and Human Services Department, Family and Youth Program and follow through with all recommendations of that assessment.
   C. The student will submit to random drug testing throughout the duration of this agreement.
   D. The student will not receive any behavior referrals for use, possession, or distribution of tobacco, drugs, or alcohol.
   E. The student will maintain regular attendance of 90% or greater.
   F. The student will be passing all courses on progress reports and final report cards.

3. The District shall monitor the student’s progress with this agreement and, in the event of a violation of this agreement, the District may revoke the agreement.

4. This agreement applies to the incident set forth in the stipulation above and shall not apply to any future violation of this District’s drug and alcohol policy by the student.
Failure to meet the requirements of the Probationary Agreement may lead to immediate expulsion without a hearing.

Expulsion
Students may be expelled for any of the following circumstances: a) when a student’s conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student’s behavior have been ineffective, except that expulsion may not be used to address truancy; or c) when required by law.

The district shall consider the age of the student and the student’s past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administration’s observation or upon a report from an employee, the student’s conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

Expulsion is defined as the removal of a student for more than ten (10) school days. An expelled student cannot participate in any school activities or be on school grounds. An expulsion will be entered in the student's behavior record. An expulsion shall not extend beyond one calendar year.

No student may be expelled without a hearing unless the student’s parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

Expulsion of a handicapped student will not be done without a review of specific guidelines for Special Education students. Expulsion procedures are as follows:

1. An informal hearing shall be held for suspension pending expulsion;
2. Parent/guardian and the student will be notified by certified mail or personal service of the charge or charges and the specific facts that support the charge or charges as well as the time, date and location and procedures for the expulsion hearing;
3. The parent/guardian, student and school district may present evidence at the hearing.
   Should the notice be given by certified mail to a parent or suspended student, the notice shall be placed in the mail at least five days before the date of the hearing. The student may be accompanied by an attorney or advocate.
4. Information on alternative school programs must be shared during the hearing. The student's academic program will also be reviewed;
5. Notification of hearing decision shall be given in writing within three working days and will specify the reason for, length and effective date of the expulsion as well as the procedure for appeal.

Dress Code - Expectations for Student Attire
The district’s dress code is established to promote appropriate grooming and hygiene, prevent disruptions, and avoid safety hazards. Dress and grooming should never interfere with anyone’s right to learn and teach in a safe and professional environment.

- Anything worn on the head must not obscure the face unless worn for religious or medical reasons.
- Clothing should not reference violence, illegal activity, or discrimination.
- Pants/skirts/shorts should be secure on or above hip bones.
- Shirts and dresses must have fabric in the front and on the sides (under the arms).
- Clothing must cover undergarments (waistbands and straps excluded).

Tops and bottoms that fall within the above criteria are required at all times.

In addition, students are required to wear footwear at all times. In some classes, such as technology, science, and physical education, particular types (not brands) of footwear may be required for safety reasons. Footwear that is a safety hazard or has the potential to damage property will not be allowed, i.e., cleats, shoes with spikes on the soles in school hallways or classrooms.

Exceptions to this policy may be made for some types of school activities as approved by the administration. Students will remove hats during the Pledge of Allegiance and the National Anthem as a gesture of courtesy. Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the building principal and may be denied the opportunity to participate if those standards are not met.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the principal and may be denied the opportunity to participate if those standards are not met.

**Enforcement of/Response to Dress Code Violation:**
When a teacher, school staff member, or school administrator discusses a dress and grooming violation with a student, it is recommended that another adult be present and at least one of the two adults should be of the same gender as the student. In no circumstances, unless there is an immediate concern, shall a student be spoken to about a dress code violation in front of other students.

- **Teachers or staff discussing a dress or grooming violation with a student should present options for obtaining appropriate clothing (e.g. school clothing closet).**
- **Where possible, students should not be required to wear school owned replacement garments and should never be required to wear specific garments as a disciplinary measure.**
- **Discipline for dress and grooming violations should be consistent with the discipline policies for comparable violations.**

**Discussion Prompts for Faculty**
1. Body types (size)
   a. Who do we punish for wearing tight clothing? What body type do these people tend to have? Why do we pick these people out of the crowd for wearing clothes similar to everyone else:
   b. Conclusion: We are enforcing clothing guidelines, but if the clothing is not necessarily the best for their body but follows all of the guidelines, then it will not receive a consequence.
2. Violence
   a. What do we consider violent?
   b. Conclusion: Certain images and words are not meant in violent ways depending on the context in which they are used. For example, the “Guns and Roses” logo can be worn when it is referring to the band, while a gun would not be okay.
3. Discrimination
   a. What do we consider discriminatory?
   b. Conclusion: Anything that marginalizes or puts down a group of people by making
generalizations or hurtful comments. This can include (But is not limited to) racial
slurs, sexually explicit content, and/or sexist language.

4. Head Coverings
   a. Why can’t head coverings obstruct the face (except for religious and medical
reasons)? How can this be a problem in school?
   b. Conclusion: Students need to be identifiable by teachers, faculty and staff in case
of an emergency.

5. Clothing Swap
   a. Are students not wearing clothes permitted by the dress code because they cannot
afford to buy clothes that appropriately fit them?
   b. Conclusion: Some students can’t afford to buy new clothes every time they grow.
Facilitating a clothing swap among students and their families can give these
students an opportunity to get appropriate clothing for school without the financial
burden it can cause.

6. Enforcement
   a. How can we remain fair in our enforcement of this dress code?
   b. Conclusion: Stop and think about who you are enforcing the policy with and why.
Open a discussion with the student in question.

**Consequences/Enforcement**
- Dress code violations that are safety issues require immediate reporting to the office where
  they will receive appropriate attire to wear for the rest of the day. This attire will not shame
  the student, but rather fix the safety issue.
- Any other dress code violation receives on warning. Any second violation will receive a
  call home to make the parents/guardians aware of the situation. All further offenses will
  receive an immediate discipline referral for detention.

**Grade Books**
Grade books are an essential record of student progress and achievement. It is important that they
be readily available and kept current in case of questions by students and/or parents. Grade books
must be turned in at the end of the school year as they are kept as a backup record to school
transcripts. All teachers will be required to use the eSchool grade book program. Parents, coaches,
and tutorial staff will have access to student grade reports. It is vital that grades are entered in a
timely manner.

**Grading Philosophy**
Effective grading is essential for learning and student success. Beginning with clearly articulated
learning goals, grading gives students timely, detailed feedback and provides parents with
communication regarding academic progress.

**Standards Based Grading**
Student grading and reporting is based on progress towards mastery of the standards adopted by
Oregon Department of Education. Learning targets are communicated to students and parents
throughout the teaching and learning process. The goal is to teach the standards to a level of
proficiency. Students should be aware and in control of their progress towards proficiency of the standards and know exactly how to move towards proficiency and/or mastery.

**Communicating Achievement**
Communication of achievement is clear, consistent and timely. The communication is easy for parents and students to understand and is focused on standards and learning targets. Academic grades will be reported solely on academic performance. Behavior and work habits are important skills and are stressed in the classroom; however, it is important to report these skills separately.

**Learning Targets/Goals**
Learning targets identify content and skills that students need to learn and demonstrate proficiency at a level within a continuum of clearly defined State Standards. Learning targets communicate expectations to students and parents and indicate a path toward meeting the State Standards. Reaching proficiency is the goal for every student in every subject. Students will have multiple opportunities to prove their proficiency. Retakes are encouraged after discussing where students are on the proficiency continuum and realizing what they need to do to progress. Retakes are only beneficial if students have taken a second look at the material, completed the suggested practice, and have asked questions about the skills they are currently confused about. Since proficiency is only a step on the continuum and mastery is most students’ ultimate goal, students who are currently proficient may retake quizzes and tests until mastery is earned.

**Proficiency Continuum/Grading Scale**
M /A (MASTERY) Through extensive evidence, the student consistently surpasses the proficient level and demonstrates and in-depth understanding of the standard.
P /B (PROFICIENT) The student regularly meets the standard and demonstrates a working knowledge of essential skills, while there are some weaknesses, the strengths are dominant.
E /C (EMERGING) Though the student is occasionally demonstrating a working knowledge of the essential skills that encompass the standard, there are still more weaknesses than strengths.
I/F* (INSUFFICIENT EVIDENCE) Student is lacking evidence of essential skill demonstration, and there are significant omissions or errors evident.

*Students with a grade of “I” at the end of a semester may participate in an Academic Improvement Plan (AIP), in cooperation with their assigned teacher, to demonstrate proficiency and receive a passing grade. Failure to demonstrate proficiency within a designated time period, normally not to exceed 9-weeks, will result in the “I” becoming an “F” on the transcript and may require the student to retake the course.

**Audit/No Credit**
The principal and teacher may issue this grade in special circumstances where a record of the course is desirable but the student was unable to complete the course.

**Pass/No Pass**
Students may take some classes on a Pass/No Pass basis. Students will need approval of the teacher and administrator. The arrangement to take a class Pass/No Pass must be made during the first five weeks of class.
**Grade Reduction/Credit Denial**

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student’s attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on non-attendance due to religious reasons, a student’s disability or an unexcused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course. Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

**Graduation Diploma Requirements**

The Board establishes graduation requirements for the awarding of a high school diploma, modified diploma, extended diploma and alternative certificate which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years upon the student's request and, if required, if the student's parent or guardian consents.

Students will have access to the appropriate resources to achieve a diploma, modified diploma, extended diploma or alternative certificate at each high school. The district provides age appropriate and developmentally appropriate literacy instruction to all students until graduation.

**Essential Skills**

The district will allow English Language Learner (ELL) students to demonstrate proficiency in the Essential Skills of Apply Mathematics, in a variety of settings, in the student’s language of origin for those students who by the end of their 11th grade year are:

1. On track to meet all other graduation requirements; and
2. Unable to demonstrate proficiency in the Essential Skills in English.

The district will allow ELL students to demonstrate proficiency in Essential Skills other than Apply Mathematics, in a variety of settings, in the student’s language of origin for those students who by the end of their 11th grade year:

1. Are on track to meet all other graduation requirements;
2. Are unable to demonstrate proficiency in the Essential Skills in English;
3. Have been enrolled in a U.S. school for five years or less; and
4. Receives at least a level 3 (Intermediate) on the English Language Proficiency Assessment (ELPA).

The district will develop procedures to provide assessment options as described in the Test Administration Manual, in the ELL student’s language of origin for those ELL students who meet the criteria above, and will develop procedures to ensure that locally scored assessment options administered in an ELL student’s language of origin are scored by a qualified rater.

The district may not deny a student, who has the documented history of an inability to maintain grade level achievement due to significant learning and instructional barriers, or of a medical condition that creates a barrier to achievements, the opportunity to pursue a diploma with more
stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history.

The district may award a modified diploma or extended diploma to a student only upon the written consent of the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or extended diploma is awarded. This requirement does not apply to a student who is emancipated or has reached the age of 18 at the time the modified diploma or extended diploma is awarded.

Beginning in grade five, the district will annually provide information of the availability of a modified diploma, an extended diploma, and an alternative certificate and the requirement for the diplomas and certificate to the parents or guardians of a student taking an alternate assessment. A student who receives a modified diploma, extended diploma or alternative certificate will have the option of participating in a high school graduation ceremony with the student's class.

The district awards to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an individualized education program (“IEP”) completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education (“FAPE”) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternate certificate or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, extended diploma or alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

Students and their parents will be notified of graduation and diploma requirements through the high school curriculum guide.

**Graduation Exercises**

Students in good standing who have successfully completed the requirements for a high school diploma, a modified diploma, an extended diploma, or an alternative certificate may participate in graduation exercises. Students who have not met the district’s diploma or certificate requirements may, at the discretion of the superintendent or designee be permitted to take part in the district’s graduation exercises. Additionally, students may be denied participation in graduation exercises for violation of Board policies, administrative regulations or school rules. The valedictorian(s), salutatorian(s) or others may be permitted to speak as part of the graduation exercise program at the discretion of the building principal or designee. All speeches will be reviewed and approved in advance by the building principal or designee.

Graduation programs may be planned by building administration, counseling center, senior advisors on the date selected by building administration. Student speeches may be permitted at the discretion of the district and shall be reviewed and approved in advance by the building principal or designee.
**Gum/Candy/Food**
Teacher's permission is required for the classroom use of gum, candy and food. No student is allowed to go off campus during school class time to purchase food or beverages. Seeds and nuts in the shell are not allowed in the building. (Also, see Wellness Policy)

**Keys**
Staff members will be held responsible for all costs to the District due to the loss of any keys issued to them [see keys section in handbook body previously mentioned]. Students should not be in possession of school keys. In case of emergency, where students have keys in their possession, they must be returned to the staff member immediately. Staff members must return all keys to the office staff during the final checkout at the end of the year, or when it is clear that they are no longer in need of them.

**Late Start Mondays**
On Mondays, school will start two hours late. This model allows for teacher teaming and development of Professional Learning Communities, reduces the time teachers are out of their classrooms for in-service, and improves student achievement. Students are expected to be in their 1st period class by 10:00. Buses will run a two-hour late schedule, and students will catch their bus at the regular stop. There will be a supervised student area in the Commons starting at 7:00 AM for parents who need supervision prior to the bus pick-up time or one hour late drop-off time. Breakfast will be served beginning at 9:30 AM on Late Start Mondays. Bus riders will follow the same procedure as any other day.

**Lesson Plans**
All teachers are required to complete daily lesson plans throughout the year. Required components of the lesson plans are daily goals and written objectives, activities, assignments, and due dates. Teacher lesson plans may periodically be inspected by supervisors and may be reflected in the evaluation process. Lesson plan books are available in the school office.

**Library/Media Support Services**
Teachers should contact library/media staff for assistance in obtaining audiovisual materials and equipment, computer software, videotapes, laser discs, sound filmstrips, and other instructional media materials maintained by the district.

Additional supplemental materials may also be available through the local education service district and/or state library system. A professional collection of books and current periodicals is also available for staff use in the library/media center and staff room. Materials may be checked out through library staff.

The primary emphasis of the library is to meet the research, reference and literature needs of the students and faculty. Leisure uses of the library are also encouraged but must be secondary to the use of reference materials or equipment.

The library is open before and after school and at lunch when staffing is available. Students cannot use the library without supervision. The use of the library by teachers for an entire class is limited by the size of the library. No more than 40 students can be accommodated and served in a productive manner. To this end, teachers must sign up in the library before class, estimating the number of students they will be bringing. Students who arrive in the library after the 40 student limit has been reached will be told to return to class. Teachers may send no more than 5 students
to the library without supervision. Every student must have a pass which states the reason for the library visit (i.e. research on planets). Students will be asked to leave if they are disruptive or disrespectful of the study needs of others.

Checking out books
Students may check out up to five books. Books are checked out for a period of two weeks and can be renewed.

Fines
There are three types of book fines: overdue fines, lost book fines, and damaged book fines. If a book is overdue, the student will be charged 5 cents per day until the item is returned, not to exceed the value of the book. When a book is lost or damaged, the purchase price of the book will be billed to the student.

Paying for fines: Students can pay for overdue fines, damaged book fines or lost book fines in the library. At the end of the school year, all unpaid fines will be reported to the office and must be paid through the school office.

The library staff is always available to help students and staff members find and/or interpret materials. Requests for information may be made at any time with the understanding that the library of the 2000’s is not limited to the books or materials in one building, but is a part of a worldwide network of information services.

Lockdown Procedures [See section previously mentioned in the body of the handbook.]
When necessary, an all-school lockdown will be initiated over the public address system, via classroom phones, or delivered personally by school officials indicating that, “We are in a lockdown situation.”

All staff will be provided with a copy of the district’s emergency procedures plan detailing staff responsibilities in the event of such emergencies as disorderly behavior, unlawful assembly, disturbances at school activities, natural disasters, fire, safety threats, illness or injury of a student or staff member and the authorized use of force on school property.

Copies of the emergency procedures plan will be available in the [office] and other strategic locations throughout the building.

Make-Up Work/Retakes:
Students’ academic grades are based on their ability to show proficiency primarily through quizzes, tests and performance tasks. Daily assignments and homework provide necessary practice and are purposefully connected to the assessments. It is the belief of the district that students that are actively engaged in class on a daily basis have a higher chance to be successful. Therefore, we believe it is in the students’ best interest to complete all classroom assignments in order to best prepare them for success on their assessment of proficiency.

If a student misses school for any reason, it is that student’s responsibility to obtain the missing assignments and complete them. In addition, parents can contact the office to arrange for the collection of homework assignments for a student who will be absent.
All students are expected to take assessments on the day they are assigned unless prior arrangements have been made and approved by the teacher. The goal is for all students to reach proficiency in all of their classes. Demonstrating proficiency can be done in various ways as determined by the teacher. In order for this to happen, students may need to retake assessments to demonstrate a higher depth of knowledge. Retakes will require completion of all practice work and/or completion of additional practice work prior to allowing a student to retake an assessment.

If a student is absent on the day a test is given, the student is expected to take the test on the day he/she returns to school, or at the teacher’s earliest convenience.

**Positive Behavior Support (PBIS)**

All students need behavior support. The most efficient approach to improving behavioral climate of schools is through prevention. Teaching and supporting appropriate behavior is the most powerful behavior support intervention. Combining effective teaching with a clear continuum of consequences for problem behavior will help provide clear guidelines for students to follow.

The staff and students at Dayton Junior High and Dayton High School have created a matrix of the school-wide expectations that everyone should follow at all times, in all settings. The expected behaviors align with our common Mission Statement: *Do What’s Right; Do Your Best; and Treat Others as you Would Like to be Treated*. Additionally, classroom teachers will be asked to design a matrix, specific to their own classroom expectations, which also aligns with the school’s mission.

**Positive Incentives for Students**

There is little difference in people, but that difference makes a big difference. The little difference is attitude, and the big difference is whether it is positive or negative. In order to promote positive attitudes among our students, staff members are encouraged to provide positive classroom incentives to emphasize and reward responsible and appropriate student behavior. Recognition programs such as “Do Right” and “Pirate Pride” at the JH, and “Buccaneer Bravos” and positive referral certificates at the HS are possible options available to students and staff. Staff members are also invited to promote, in a manner of their choice, community-wide character traits as established specifically for Dayton in 1996.

**School Vans**

Staff members using school vans must:

1. Have the approval of an administrator prior to scheduling its use;
2. Have their name on the District’s current list of approved van drivers;
3. Ensure that all student passengers have appropriate permission slips from parents;
4. Leave the fuel tank full and return all fuel slips to office after use;
5. Remove all trash and/or personal items after use;
6. Return keys to the main office, or make special arrangements to give keys to the next scheduled driver, in cases involving weekend, late evening, or early morning use.

**Requirements for Activity Bus/Pick-up Drivers (Type 10 Vehicles)**

1. All drivers must be licensed in Oregon and over 25 years of age (21 if a member of the staff).
2. Possess a valid ORS 30.800 listed first aid card at all times.
3. Pass a driving records and criminal history-check. Licensed staff has already met the criminal history check in the licensure process.
4) Attend a van drivers training class provided by the school bus service provider (or equivalent provided by state or community college); and be judged by an authorized official as having the ability to operate the Type 10 vehicle safely and to perform related duties.

5) Drivers must be placed on an approved list maintained by the Department of Education (form 2279).

6) Drivers shall maintain their current car insurance validation at the district office.

7) Drivers must report, within 15 days, to the district office any conviction for driving or criminal offenses and any involvement in a vehicular accident.

**Staff Room**

A staff room is provided for staff use during break, lunch and prep periods as may be appropriate. All staff are expected to “pitch in” as needed, to help keep this gathering place clean and orderly. Personal items of value should not be left in the staff room. Staff members leaving such items in the staff room do so at their own risk. The district will not be liable for loss or damage to personal items brought to district property and district-sponsored activities.

**Student/Parent Handbook**

A student/parent handbook is available to all students at the beginning of each new school year and at the time of registration for new students moving into the district at other times of the year. All staff members are expected to familiarize themselves with the general information, administrative regulations and procedures pertaining to students as set forth in the student/parent handbook and in Board policy. Teachers are expected to review the handbook with students during the days/times designated by the building principal.

**Supervision of Students**

The supervision of students is a liability and safety issue. Staff members are specifically responsible for the safety of all students who are assigned to them. In general, all staff members are responsible for the welfare of students who attend our schools. Therefore, please adhere to the following guidelines:

1) Do not leave your classroom unattended except in case of emergency;

2) Ensure that students who are assigned to you, but are working outside your classroom, have a clear destination for their activity;

3) Students should not be allowed to use machinery or potentially dangerous equipment without direct-supervision.

**Transcript Evaluation**

Transfer credits and attendance may be accepted or rejected at the discretion of the district consistent with Oregon Administrative Rules and established district policy, administrative regulation and/or school rules.

**Transfer of Students**

Parents may request a transfer of their student to another school in the event the school the student is attending is identified as persistently dangerous; the student has been a victim of a violent criminal offense in or on the grounds of the school the student attends; or the school has been identified for improvement, corrective action or restructuring. The transfer must be to a safe school that has not been identified for improvement. Additionally, requests to transfer to another school outside the district may be approved in certain circumstances. Contact a building administrator or a counselor for additional information.
Transportation of Students
A student being transported on district-provided transportation is required to comply with the Student Code of Conduct. Any student who fails to comply with the Student Code of Conduct may be denied transportation services and shall be subject to disciplinary action.

Transportation Rules
While riding a school bus, students will:
1. Obey the driver at all times
2. Not throw objects;
3. *Not have in their possession any weapon as defined by Board policy JFJC – Weapons in the Schools;
4. *Not fight, wrestle or scuffle;
5. *Not stand up and/or move from seats while the bus is in motion;
6. *Not extend hands, head, feet or objects from windows or doors;
7. *Not possess matches or other incendiaries and concussion devices;
8. *Use emergency exits only as directed by the driver;
9. *Not damage school property or the personal property of others;
10. *Not threaten or physically harm the driver or other riders;
11. *Not do any disruptive activity which might cause the driver to stop in order to reestablish order;
12. *Not make disrespectful or obscene statements;
13. *Not possess and/or use tobacco, alcohol or illegal drugs;
